COMMENTS ON THE CONSOLIDATED INCOME STATEMENT

BREAKDOWN OF REVENUE

CHANGE IN REVENUE PER HALF-YEAR PERIOD

(EUR millions and as %)

(a) The principles used to determine the impact of exchange rate fluctuations on the revenue of entities reporting in foreign currencies and the impact of changes in the scope of consolidation are described on page 20.

Consolidated revenue for the fiscal year ended December 31, 2024 was 84,683 million euros, down 2% from the previous fiscal year. It was adversely affected by 2 points as a result of many of the Group's invoicing currencies weakening on average against the euro, in particular the Japanese yen, the Argentine peso and the Turkish lira.

The following changes to the Group's consolidation scope took place after January 1, 2023: in the Fashion and Leather Goods business group, the disposal of Off-White in September 2024; in the Watches and Jewelry business group, the consolidation of Pedemonte in March 2024; in the Selective Retailing business group, the disposal of Starboard in December 2023. These changes in the scope of consolidation had a negative 1-point effect on the Group's full-year revenue growth.

On a constant consolidation scope and currency basis, revenue increased by 1%.

Comments on the determination of the impact of exchange rate fluctuations and changes in the scope of consolidation

The impact of exchange rate fluctuations is determined by translating the financial statements for the fiscal year of entities with a functional currency other than the euro at the prior fiscal year's exchange rates, without any other restatements.

The impact of changes in the scope of consolidation is determined as follows:

- *for the fiscal year's acquisitions, by deducting from revenue for the fiscal year the amount of revenue generated during that fiscal year by the acquired entities, as of their initial consolidation;*
- *for the prior fiscal year's acquisitions, by deducting from revenue for the fiscal year the amount of revenue generated over the months during which the acquired entities were not consolidated in the prior fiscal year;*
- *for the fiscal year's disposals, by adding to revenue for the fiscal year the amount of revenue generated by the divested entities in the prior fiscal year over the months during which those entities were no longer consolidated in the current fiscal year;*
- *for the prior fiscal year's disposals, by adding to revenue for the fiscal year the amount of revenue generated in the prior fiscal year by the divested entities.*

Profit from recurring operations is restated in accordance with the same principles.

3/ COMPENSATION OF EXECUTIVE OFFICERS

3.1 INFORMATION ON THE COMPENSATION OF EXECUTIVE OFFICERS REFERRED TO IN SECTION I OF ARTICLE L. 22-10-9 OF THE FRENCH COMMERCIAL CODE

Pursuant to section I of Article L. 22-10-34 of the French Commercial Code, you are asked to approve the information on the compensation of executive officers referred to in section I of Article L. 22-10-9 of said Code as presented in point 2.2.1 of the *Board of Directors' report on corporate governance* (included in the 2024 Universal Registration Document) (**10th resolution**).

3.2 COMPENSATION PAID TO SENIOR EXECUTIVE OFFICERS DURING FISCAL YEAR 2024 AND AWARDED IN RESPECT OF THAT YEAR

In accordance with section II of Article L. 22-10-34 of the French Commercial Code, you are asked to approve the fixed and variable components (with the understanding that no exceptional compensation was paid or awarded to senior executive officers) of the total compensation and benefits in kind paid during the fiscal year ending December 31, 2024 or awarded for that year to Bernard Arnault and Antonio Belloni, whose term of office came to an end on April 18, 2024, as presented in point 2.2.2 of the *Board of Directors' report on corporate governance* (included in the 2024 Universal Registration Document) (**11th and 12th resolutions**).

Summary of compensation paid to each senior executive officer – Tables 2 and 10 Appendix 4 of the AFEP/MEDEF code

- **Bernard Arnault**[a]

Gross compensation (in euros)	Amounts awarded in respect of fiscal year 2024	Amounts paid during fiscal year 2024	Description
Fixed compensation	1,138,307	1,138,307	The compensation paid to the Chairman and Chief Executive Officer includes a fixed component, which it has been decided to keep stable.
Variable compensation	2,200,000	2,200,000	The compensation payable to the Chairman and Chief Executive Officer includes a variable annual component which is based on the achievement of financial (quantifiable), strategic (qualitative) and ESG (quantifiable and qualitative) targets. The financial (quantifiable) criteria relate to growth in the Group's revenue, operating profit and cash flow relative to budget for the year concerned, with each of these three components accounting for one-third of the total determination and representing 50% of the variable compensation of the Chairman and Chief Executive Officer. Strategic (qualitative) and ESG (quantifiable and strategic) criteria account for 40% and 10% respectively of the Chairman & CEO's variable compensation. For 2024: The strategic criteria (qualitative) covered: – strengthening the leadership of Louis Vuitton and Christian Dior in terms of image and desirability; – consolidating the retail network of the Group's main Maisons in emblematic towns and places; – strengthening the leadership in terms of Artistic Directors; – supporting the emergence of a new generation of managers. The ESG criteria (quantifiable and qualitative) covered: – continuation and acceleration of all four strands of the rollout of the LIFE 360 program, up to 50%; – supporting communication in terms of ethics, up to 50%. The performance was evaluated by the Compensation Committee. The Committee, taking into account the uncertain and complex macroeconomic and geopolitical context and the fact that most of the criteria had been met, recommended that the Board maintain the variable portion of the Chairman and Chief Executive Officer's 2024 compensation unchanged, given his wish to not receive a variable portion of an amount higher in 2024 than in 2023. On the basis of this assessment, the Board of Directors, at its meeting of January 28, 2025, decided to follow the Committee's recommendations. For 2024, the variable component represents just under twice the fixed component, and is therefore below the limit of 250% of the fixed compensation laid down in the compensation policy in force.

Gross compensation (in euros)	**Amounts awarded in respect of fiscal year 2024**	**Amounts paid during fiscal year 2024**	**Description**
Supplementary pension plan	-	-	As of January 1, 1997, LVMH set up a supplementary pension plan for the members of the Group's Executive Committee. Pursuant to the government order of July 3, 2019, this supplementary pension plan was closed and the related rights were frozen as from December 31, 2019. This plan provides that its members, employees or senior executive officers of companies covered under the supplementary pension plan regulations, who have been members of the committee for at least six years as at December 31, 2019, are entitled to a supplementary pension provided that they liquidate any pensions acquired under external pension plans immediately upon terminating their duties at LVMH. This condition is not required, however, if they leave the Group at its request after the age of 55 and resume no other professional activity until their external pension plans are liquidated. This supplementary pension benefit is determined on the basis of a reference amount equal to the beneficiary's gross annual fixed compensation plus the gross annual bonus they received in respect of the period from January 1, 2019 to December 31, 2019. In all cases, the reference amount of compensation may not exceed the average of the three highest amounts of annual compensation received during the course of their career with LVMH, capped at 35 times the annual social security ceiling for 2019 (i.e. 1,418,340 euros as of December 31, 2019). The annual supplementary pension benefit is equal to the difference between 60% of the aforementioned reference compensation amount, which is capped where applicable, and all gross pension payments acquired from external plans, as defined by the regulations. The supplementary pension benefit amount shall in all cases be capped at 51% of the reference amount of compensation. Moreover, a discount based on the age of the beneficiary at December 31, 2019 shall be applied to this amount. As a result of the aforementioned system, on the basis of compensation paid to Bernard Arnault in 2024, the supplementary pension payable to him would not exceed 45% of the amount of his last annual compensation. The supplementary pension only vests when retirement benefits are claimed. Given the characteristics of the plan put in place by the Company and his personal circumstances, the supplementary pension for which Bernard Arnault may qualify no longer gives rise to the annual vesting of additional benefits, or, consequently, to a correlative increase in the Company's financial commitment.

Gross compensation (in euros)	Amounts awarded in respect of fiscal year 2024	Amounts paid during fiscal year 2024	Description
Fixed compensation[b]	1,012,835	1,012,835	The compensation paid to the Group Managing Director includes a fixed component, which it has been decided to keep stable, calculated pro rata in respect of the duration of his term of office.
Variable compensation	900,000	2,894,500	The compensation payable to the Group Managing Director includes a variable annual component which is based on the achievement of financial (quantifiable), strategic (qualitative) and ESG (quantifiable and qualitative) targets. The financial (quantifiable) criteria relate to growth in the Group's revenue, operating profit and cash flow relative to budget for the year concerned, with each of these three components accounting for one-third of the total determination and representing 65% of the variable compensation of the Group Managing Director. Strategic (qualitative) and ESG (quantifiable and strategic) criteria account for 20% and 15% respectively of the Group Managing Director's variable compensation. For 2024: The strategic criteria (qualitative) covered: – adjusting the Group's operational management to the new growth environment; – strengthening supply sources; – preserving the know-how of the business lines; – implementing conditions for an efficient transition at executive management level; – completing the reorganization of the Group into divisions; – promoting new managers internally and recruiting new talent. The ESG criteria (quantifiable and qualitative) covered: – continuing and accelerating all four strands of the rollout of the LIFE 360 program; – preparing the Group for the implementation of CSRD requirements; – developing a human rights policy (implementation of a vigilance plan at Group level). The performance was evaluated by the Compensation Committee. The Committee, taking into account the uncertain and complex macroeconomic and geopolitical context and the fact that most of the criteria had been met, recommended that the Board maintain the variable portion of the Group Managing Director's 2024 compensation unchanged, calculated pro rata in respect of the duration of his term of office and given his wish to not receive a variable portion of an amount higher in 2024 than in 2023. On the basis of this assessment, the Board of Directors, at its meeting of January 28, 2025, decided to follow the Committee's recommendations. For 2024, the variable component is lower than the limit of 150% of the fixed compensation laid down in the compensation policy in force.

Gross compensation (in euros)	**Amounts awarded in respect of fiscal year 2024**	**Amounts paid during fiscal year 2024**	**Description**
Non-compete payment	-	-	Employment contract suspended for the duration of his term as Group Managing Director; non-compete clause, for a period of 12 months, included in the employment contract providing for the monthly payment during its application of compensation equal to his monthly compensation as of the date his term of office ends, plus one-twelfth of the last bonus received. Antonio Belloni did not receive a non-compete payment regarding the termination of his role as Group Managing Director. The employment contract was reactivated with effect from the end of the Group Managing Director's term of office.
Supplementary pension plan	-	-	As of January 1, 1997, LVMH set up a supplementary pension plan for the members of the Group's Executive Committee. Pursuant to the government order of July 3, 2019, this supplementary pension plan was closed and the related rights were frozen as from December 31, 2019. This plan provides that its members, employees or senior executive officers of companies covered under the supplementary pension plan regulations, who have been members of the committee for at least six years as at December 31, 2019, are entitled to a supplementary pension provided that they liquidate any pensions acquired under external pension plans immediately upon terminating their duties at LVMH. This condition is not required, however, if they leave the Group at its request after the age of 55 and resume no other professional activity until their external pension plans are liquidated. This supplementary pension benefit is determined on the basis of a reference amount equal to the beneficiary's gross annual fixed compensation plus the gross annual bonus they received in respect of the period from January 1, 2019 to December 31, 2019. In all cases, the reference amount of compensation may not exceed the average of the three highest amounts of annual compensation received during the course of their career with LVMH, capped at 35 times the annual social security ceiling for 2019 (i.e. 1,418,340 euros as of December 31, 2019). The annual supplementary pension benefit is equal to the difference between 60% of the aforementioned reference compensation amount, which is capped where applicable, and all gross pension payments acquired from external plans, as defined by the regulations. The supplementary pension benefit amount shall in all cases be capped at 51% of the reference amount of compensation. Moreover, a discount based on the age of the beneficiary at December 31, 2019 shall be applied to this amount. As a result of the aforementioned system, on the basis of compensation paid to Antonio Belloni in 2024, the supplementary pension payable to him would not exceed 4.5% of the amount of his last annual compensation. The supplementary pension only vests when retirement benefits are claimed. Given the characteristics of the plan put in place by the Company and his personal circumstances, the supplementary pension for which Antonio Belloni may qualify no longer gives rise to the annual vesting of additional benefits, or, consequently, to a correlative increase in the Company's financial commitment.

(a) Gross compensation and benefits in kind paid or incurred by the Company and controlled companies.
(b) Including housing allowance.
(c) Shares valued in euros.

3.3 COMPENSATION POLICY

Pursuant to section II of Article L. 22-10-8 of the French Commercial Code, you are asked to approve the compensation policy applicable to the Directors (**13th resolution**) and that applicable to the Chairman and Chief Executive Officer (**14th resolution**).

These compensation policies approved by the Board of Directors at its meeting on January 28, 2025, on the recommendation made by the Compensation Committee, are set out in point 2.1 of the *Board of Directors' report on corporate governance* (included in the 2024 Universal Registration Document). No compensation amount of any type may be determined, awarded or paid if it does not comply with the approved compensation policy or, where the latter does not exist, with the remuneration policies or practices referred to in section II of Article L. 22-10-8 of the French Commercial Code.

In accordance with section III of Article L. 22-10-8, par. 2, of the French Commercial Code, the Board of Directors may, in exceptional circumstances, waive the application of the compensation policy as set out in point 2 of the *Board of Directors' report on corporate governance* (included in the 2024 Universal Registration Document). In any case, the Board of Directors may decide to waive the application of the compensation policy on the recommendation of the Compensation Committee and, where relevant, an independent advisory firm.

(a) As a guide, this equates to 50,034,170 shares on the basis of the share capital under the Bylaws as of December 31, 2024.

You are asked to authorize the Board of Directors to purchase shares in the Company, for a period of 18 months starting from this Shareholders' Meeting (**15th resolution**). Such share purchases may be made for any purpose that is authorized by the laws and regulations in force, or by any other already accepted market practice or one that would come to be accepted on the date of the transactions under consideration, and in particular (i) to provide market liquidity, (ii) to cover stock option plans, plans for the award of bonus shares or any share-based payment plans for employees, (iii) to cover securities giving access to the Company's shares, (iv) to be retired or (v) to be held and later presented for consideration as an exchange or payment in connection with external growth operations and (vi) more generally any transactions permitted or authorized in the future under the regulations in force at that time or that would involve an already accepted market practice or one that would come to be accepted by the French Financial Market Authority (Autorité des marchés financiers) (see point 2.5 of the section *Information about the issuer* of the 2024 Universal Registration Document). The Board of Directors may not allow the use of this authorization without prior authorization from the Shareholders' Meeting, in the event that a third party has made a public offer on the shares of the Company, until the end of that offer period.

The authorization to reduce the share capital through the retirement of shares acquired under the share repurchase program may be used, in particular, to offset the dilution resulting from the issuance of new shares to be awarded as bonus shares and/or the exercise of stock options. This authorization renders null and void any unused portion of the authorization granted by the Shareholders' Meeting of April 18, 2024 in its seventeenth resolution.

The Shareholders' Meeting, having met the quorum and voting requirements for Ordinary Shareholders' Meetings and having noted the profit for the fiscal year ended December 31, 2024, of 9,587,478,529.92 euros which, when added to the retained earnings of the previous year of 20,048,743,940.65 euros and the available portion of the legal reserve of 51,201 euros, results in a distributable total of 29,636,273,671.57 euros, resolves, as proposed by the Board of Directors, to allocate these amounts and distribute them as follows:

(in euros)	
Net profit for the fiscal year ended 12/31/2024	9,587,478,529.92
Available portion of the legal reserve[(a)]	51,201.00

Based on the tax legislation applicable to securities income, these dividends carry an entitlement for private individuals who are French tax residents and who have opted for their income on all eligible securities to be taxed at a progressive rate, to a tax deduction of 40%.

The dividend is paid as a priority from distributable income from dividends received from subsidiaries eligible for the parent company plan within the meaning of Directive 2011/96/EU ("Eligible Subsidiaries") in the following order of priority: (i) firstly from dividends received from eligible subsidiaries whose registered office is located in an EU member state other than France; (ii) then from dividends received from eligible subsidiaries whose registered office is located in France; (iii) lastly from dividends received from eligible subsidiaries whose registered office is located in a non-EU country.

The amount of the dividend corresponding to shares held by the Company at the time of payment will be allocated to retained earnings. Lastly, in the event of a change in the number of dividend-paying shares comprising the share capital as of December 31, 2024, the total amount of dividends would be adjusted accordingly, and the amount allocated to retained earnings would be determined on the basis of the dividends actually paid.

As required by law, the Shareholders' Meeting notes that the gross dividends per share paid out in respect of the past three fiscal years were as follows:

15th resolution: Authorization for the Company to purchase its own shares (Articles L. 22-10-62 *et seq.* of the French Commercial Code)

Statement of reasons

As the authorization granted to the Board of Directors to purchase Company shares expires on October 17, 2025, you are asked to issue a new authorization to the Board of Directors to allow the Company to purchase its own shares (**15th resolution**). The objectives of the share repurchase program are detailed in the resolution below and in the description of the program in point 4.2 of the section Information about the issuer of the 2024 Universal Registration Document.

This new authorization shall take effect from the date of this Shareholders' Meeting for a period of eighteen months, i.e. until October 16, 2026, and renders null and void the unused portion of the authorization granted to the Board of Directors by the Shareholders' Meeting of April 18, 2024 pursuant to its 16th resolution.

The maximum purchase price per share shall be set at 1,200 euros. The authorization would cover a maximum of 10% of the share capital, corresponding to 50,034,170 shares on the basis of the share capital under the Bylaws as of December 31, 2024, for a maximum amount of 60 billion euros.

As in previous years, the resolution provides that the authorization does not apply during takeover bids or exchange offers.

15th resolution:

Authorization to be granted to the Board of Directors, for a period of 18 months, to purchase Company shares for a maximum purchase price of 1,200 euros per share, thus a maximum cumulative amount of 60 billion euros

The Shareholders' Meeting, having met the quorum and voting requirements for Ordinary Shareholders' Meetings and having examined the *Board of Directors' report on the draft resolutions*, authorizes this body, which may sub-delegate its powers in this regard, to purchase the Company's own shares, in accordance with the provisions of Articles L. 22-10-62 *et seq.* of the French Commercial Code and European Regulation No. 596/2014 of April 16, 2014.

Share purchases could be made for any purpose authorized by the provisions in force at the time, or by any other already accepted market practice or one that would come to be accepted on the date of the transactions under consideration, and in particular to:

(i) provide market liquidity or share liquidity services (purchases/sales) by an investment service provider acting independently as part of a liquidity contract set up by the Company in compliance with market practice recognized by the French Financial Market Authority (Autorité des marchés financiers);

(ii) cover (i) stock option plans, (ii) awards of bonus shares or (iii) of any other shares, or share-based payment plans for employees or executive officers of the Company or of any related undertaking under the conditions provided by the French Commercial Code, in particular its Articles L. 225-180 and L. 225-197-2;

(iii) cover debt securities that may be exchanged for Company shares, and more generally securities giving access to the Company's shares, notably by way of conversion, tendering of a coupon, redemption or exchange;

(iv) be canceled subject to the approval of the sixteenth resolution by this Shareholders' Meeting; or

(v) be held and later presented for consideration as an exchange or payment in connection with any external growth, merger, spin-off or tender operations, up to a maximum of 5% of the share capital; or

(vi) more generally, carry out any permitted transactions or any transaction that would be authorized in future under regulations in force at that time, or that would involve an already accepted market practice or one that would come to be accepted by the French Financial Market Authority.

The maximum price at which the Company may purchase its own shares is set at 1,200 euros per share, with the understanding that the Company may not purchase shares at a price that exceeds the higher of the following two values: the last quoted share price after the execution of a transaction in which the Company was not a stakeholder or the highest independent purchase offer in progress on the trading platform on which the purchase would be made.

In the event of a capital increase through the capitalization of reserves and bonus share awards as well as in cases of a stock split or reverse stock split, the purchase price indicated above will be adjusted by a multiplying coefficient equal to the ratio of the number of shares making up the Company's share capital before and after the transaction.

The maximum number of shares that can be acquired over the duration of the repurchase program is 10% of the total number of shares comprising the share capital as of the day of use of the authorization, after adjustment for transactions affecting the share capital after this Shareholders' Meeting, with the understanding that in the context of the use of this authorization, (i) in the specific case of shares purchased to favor liquidity under the conditions defined by the General Regulations of the French Financial Markets Authority, in accordance with Paragraph 2 of Article L. 22-10-62 of the French Commercial Code, the number of shares taken into account to calculate the limit of 10% corresponds to the number of shares purchased after deduction of the number of shares that may be resold throughout the authorization period and (ii) the number of treasury shares to be used for payment or exchange in the context of a merger, spin-off or tender may not exceed 5% of the capital as of the date of the operation.

The limit of 10% of the share capital corresponded to 50,034,170 shares as at December 31, 2024. The total maximum amount allocated to acquisitions may not exceed 60 billion euros.

The share purchase transactions described above, as well as the sale or transfer of these shares, may be carried out by any means compatible with the regulations in force, on one or more occasions, on any market or off-market (including in the context of negotiated transactions and/or block sales), by public tender or exchange offer, or by the use of options or other derivative financial futures instruments or the implementation of option strategies, or by delivery of shares following the issue of securities giving access to the Company's capital by conversion, exchange, redemption, exercise of a warrant or in any other way, either directly or indirectly through a third party acting on behalf of the Company under the conditions set out in Article L. 225-206 of the French Commercial Code.

All necessary powers are granted to the Board of Directors with a view to ensuring the execution of this authorization. The Board of Directors may delegate said powers to the Chief Executive Officer, or, where applicable, with the latter's consent, to a Group Managing Director, both of whom may sub-delegate exclusively the execution of this authorization under the conditions provided by law, in order to:

- decide on the implementation of this authorization;
- adjust the aforementioned maximum purchase price to reflect, in the event of a change in the share's nominal value, an increase in the share capital through the capitalization of reserves and bonus share awards, a stock split or reverse stock split, the distribution of reserves or of any other assets, the redemption of share capital or any other transaction affecting equity, and the impact of such transactions on the share's value;
- set the terms and conditions under which will be protected, if applicable, the rights of the holders of securities giving access to the share capital or of share subscription or share purchase options, or the rights of those eligible to receive bonus shares, in accordance with legal, regulatory or contractual provisions;
- place any stock market orders, enter into any contracts, sign any documents, enter into any agreements with a view notably to maintaining share purchase and sale registers, in accordance with the regulations in force;
- file any declarations, carry out any formalities, and generally take any necessary action.

Unless it obtains prior authorization from the Shareholders' Meeting, the Board of Directors may not take the decision to use this delegation of authority as from the date on which a third party files a proposal for a tender offer for the shares of the Company and until the end of the offer period.

This authorization shall take effect from the close of this Shareholders' Meeting for a period of 18 months and renders null and void the unused portion of the authorization of the same type granted to the Board of Directors by the Ordinary Shareholders' Meeting of April 18, 2024 pursuant to its sixteenth resolution.

EXTRAORDINARY RESOLUTIONS

16th resolution: Reduction of share capital through the cancellation of shares repurchased by the Company in accordance with Article L. 22-10-62 of the French Commercial Code

Statement of reasons

As the authorization granted to the Board of Directors to reduce the share capital through the cancellation of shares purchased pursuant to Article L. 22-10-62 of the French Commercial Code expires on October 17, 2025, you are asked to renew the authorization granted to the Board of Directors to carry out a share capital reduction through the cancellation of some or all of the shares purchased or to be purchased by the Company itself, up to a limit of 10% of the share capital per 24-month period (**16th resolution**).

1. authorizes the Board of Directors to reduce the Company's share capital on one or more occasions, in the proportions and at the times it shall decide, through the cancellation of some or all of the shares acquired or to be acquired by the Company itself, up to a maximum of 10% of the share capital per 24-month period, it being specified that this limit shall apply to an amount of the Company's share capital that will be adjusted, as appropriate, to take into account transactions affecting the share capital occurring after this Shareholders' Meeting;
2. sets at 18 months the period of validity of this authorization and notes that this delegation of authority renders null and void any unused portion of the authorization granted by the Shareholders' Meeting of April 18, 2024 in its seventeenth resolution;
3. grants all powers to the Board of Directors to perform and record the share cancellation and capital reduction transactions allowed under this authorization, carry out all required acts and formalities to this end, in particular, filing any declarations with the French Financial Market Authority, deducting the difference between the purchase value of the canceled shares and their par value from additional paid-in capital or other distributable reserves, reallocating the portion of the legal reserve having become available as a result of the capital reduction, amend the Bylaws accordingly and, generally speaking, take any necessary action.

1. delegates its authority to the Board of Directors to decide on, in the amounts and at the times it sees fit, one or more capital increases through the capitalization of all or a portion

of profits, reserves, additional paid-in capital or other items as permitted by law and the Company's Bylaws, including in combination with a capital increase in cash, pursuant to the eighteenth, nineteenth, twentieth and twenty-first resolutions, provided they are approved by this Meeting, or as authorized under resolutions on the same subject that might supersede any of these resolutions during the validity period of this delegation, by way of awards of ordinary shares to shareholders or by increasing the par value of existing shares, or by combining these two approaches. However, unless it obtains prior authorization from the Shareholders' Meeting, the Board of Directors may not take the decision to use this delegation of authority as from the date on which a third party files a proposal for a tender offer for the shares of the Company and until the end of the offer period;

  - the issue, in consideration for securities tendered to a public exchange offer initiated by the Company in France or abroad for the securities of another company admitted to trading on a regulated market as defined in Article L. 22-10-54 of the French Commercial Code (twenty-second resolution), of ordinary shares and/or equity securities giving access to other equity securities or that confer rights to the allocation of debt securities;
- that you delegate to it, with the option to sub-delegate this authority, for a period of 26 months from the date of this Meeting, the powers needed to issue ordinary shares or equity securities giving access to other equity securities of the Company or conferring rights to the allocation of debt securities, in consideration for contributions in kind granted to the Company consisting of equity securities or securities giving access to the Company's share capital (twenty-third resolution), up to a maximum of 20% of the share capital at the time of issue.

The total nominal amount of capital increases that may be undertaken immediately or at a future date pursuant to the seventeenth to twenty-sixth resolutions of this Meeting may not, in accordance with the twenty-seventh resolution, exceed 20 million euros, it being understood that this amount also constitutes an individual limit applicable to each of the eighteenth, nineteenth, twentieth and twenty-second resolutions of this Meeting.

The total nominal amount of securities representing debt securities of the Company that may be issued pursuant to the eighteenth to twenty-sixth resolutions of this Meeting may not, in accordance with the twenty-seventh resolution, exceed 5 billion euros, it being understood that this amount also constitutes an individual limit applicable to each of these resolutions.

The additional securities to be created as part of the implementation of the delegations of authority referred to in the eighteenth, nineteenth and twentieth resolutions, as provided by Article L. 225-135-1 of the French Commercial Code and should you adopt the twenty-first resolution, count towards the two aforementioned limits.

It is the responsibility of the Board of Directors to prepare a report in accordance with Articles R. 225-113 et seq. of the French Commercial Code. Our role is to express an opinion on the fair presentation of the quantitative data extracted from the financial statements, on the proposed waiver of preferential subscription rights, and on certain additional information pertaining to these transactions, provided in this report.

We performed those procedures which we deemed necessary in compliance with professional guidance issued by the French National Institute of Statutory Auditors (Compagnie Nationale des Commissaires aux Comptes) relating to this type of engagement. These procedures consisted in verifying the content of the Board of Directors' report in respect of these transactions and the procedures for determining the issue price of equity securities to be issued.

Subject to our subsequent review of the terms and conditions of any issues that may be decided upon pursuant to the nineteenth and twentieth resolutions, since the Board of Directors' report does not specify the procedure to be used to determine the issue price of equity securities to be issued, in accordance with the provisions of the first paragraph of the new Article L. 22-10-52 of the French Commercial Code allowing the Board of Directors to freely determine the issue price of equity securities to be issued, we have no matters to report in relation to the conditions applicable to these delegations of authority.

Furthermore, as the report does not include information on the methods for determining the issue price of equity securities to be issued as part of the implementation of the eighteenth, twenty-second and twenty-third resolutions, we cannot express an opinion on the selection of elements used to calculate this issue price.

As the final terms and conditions under which the issues will be carried out have not yet been set, we do not express an opinion on them or, consequently, on the proposed waiver of preferential subscription rights on which you are asked to vote in the nineteenth and twentieth resolutions.

In accordance with Article R. 225-116 of the French Commercial Code, we will issue an additional report, if necessary, on the use of these delegations by your Board of Directors in the event of issues of equity securities giving access to other equity securities or conferring entitlement to receive allocations of debt securities, issues of securities giving access to equity securities to be issued, and issues of ordinary shares, without preferential subscription rights.
