[Non-binding translation from German]

Invitation to the Annual General Meeting of Shareholders

of SAP SE

having its registered office in Walldorf, Germany

Securities Identification Number (Wertpapierkennnummer): 716 460

ISIN: DE 000 7 164 600

The shareholders in our Company are hereby invited to attend the Annual General Meeting of Shareholders at the **SAP Arena, An der Arena 1, 68163 Mannheim, Germany, on Wednesday, May 15, 2024**, at 10.00 hours **(Central European Summer Time – CEST)**.

Overview of Contents

I. Agenda 3

1. Presentation of the adopted annual financial statements and the approved consolidated financial statements, the combined management report and Group management report of SAP SE, including the Executive Board's explanatory notes relating to the information provided pursuant to Sections 289a and 315a of the German Commercial Code (*Handelsgesetzbuch*, "HGB"), and the Supervisory Board's report, each for fiscal year 2023 3
2. Resolution on the appropriation of the retained earnings for fiscal year 2023 3
3. Resolution on the formal approval of the acts of the Executive Board in fiscal year 2023 4
4. Resolution on the formal approval of the acts of the Supervisory Board in fiscal year 2023 4
5. Appointment of the auditors of the annual financial statements and group annual financial statements and of the auditors of the sustainability reporting for fiscal year 2024 4
6. Resolution on the approval of the compensation report for fiscal year 2023 4
7. Election of Supervisory Board members 4
8. Resolution on the compensation of the Supervisory Board members under amendment of Article 16 of the Articles of Incorporation 6
9. Resolution on the amendment of Article 18 (3) of the Articles of Incorporation 7

II. Information regarding Item 6 on the Agenda: Compensation report for fiscal year 2023 8

III. Information regarding Item 7 on the Agenda: Elections to the Supervisory Board 44

IV. Information regarding Item 8 on the Agenda: Compensation of the Supervisory Board members 51

V. Further information and details concerning the Annual General Meeting of Shareholders 56

I. Agenda

1. Presentation of the adopted annual financial statements and the approved consolidated financial statements, the combined management report and Group management report of SAP SE, including the Executive Board's explanatory notes relating to the information provided pursuant to Sections 289a and 315a of the German Commercial Code (*Handelsgesetzbuch*, "HGB"), and the Supervisory Board's report, each for fiscal year 2023

These documents can be viewed on the Internet at www.sap.com/agm.

On February 21, 2024, the Supervisory Board approved the annual financial statements prepared by the Executive Board in accordance with Section 172 sentence 1 of the German Stock Corporation Act (*Aktiengesetz*; "AktG"). The annual financial statements have thus been adopted. At the same time, the Supervisory Board also approved the consolidated financial statements. In accordance with Section 173 (1) AktG, it is therefore not necessary for the General Meeting of Shareholders to adopt the annual financial statements and to approve the consolidated financial statements. The other aforementioned documents, too, must merely be made available to and, pursuant to Section 176 (1) sentence 2 AktG, explained at the General Meeting of Shareholders, with no resolution being required (except in respect of the appropriation of retained earnings).

2. Resolution on the appropriation of the retained earnings for fiscal year 2023

The Executive Board and the Supervisory Board propose that the following resolution be adopted:

The retained earnings for fiscal year 2023 in the amount of €12,378,400,163.38, as reported in the annual financial statements, are to be appropriated as follows:

Payment of a dividend in the amount of €2.20 per no-par value share carrying dividend rights	= €2,567,903,923.20
Transfer to other revenue reserves	= €0.00
And carry-forward of the remainder to new account	= €9,810,496,240.18

The dividend amount and the remainder to be carried forward to new account set out in the above resolution proposal are based on a capital stock carrying dividend rights of €1,167,229,056.00, divided into 1,167,229,056 no-par value shares, as at December 31, 2023.

The number of shares carrying dividend rights may change by the time the resolution on the appropriation of retained earnings is passed. In this case, the Executive Board and the Supervisory Board will submit an amended resolution proposal on the appropriation of retained earnings to the General Meeting of Shareholders, which will also provide for a distribution of €2.20 per no-par value share carrying dividend rights. Such amendment will be made as follows: If the number of shares carrying dividend rights, and thus the total dividend amount, decreases, the amount to be carried forward to new account will be increased accordingly. If the number of shares carrying dividend rights, and thus the total dividend amount, increases, the amount to be carried forward to new account will be reduced accordingly.

In accordance with Section 58 (4) sentence 2 AktG, the claim for payment of the dividend will become due on the third business day (*Geschäftstag*) (within the meaning of the relevant provisions of the

German Civil Code (*Bürgerliches Gesetzbuch*; "BGB")) after the resolution has been passed by the General Meeting of Shareholders, that is, on Tuesday, **May 21, 2024**.

3. Resolution on the formal approval of the acts of the Executive Board in fiscal year 2023

The Supervisory Board and the Executive Board propose that the acts of the members of the Executive Board holding office in fiscal year 2023 be formally approved for that period.

4. Resolution on the formal approval of the acts of the Supervisory Board in fiscal year 2023

The Executive Board and the Supervisory Board propose that the acts of the members of the Supervisory Board holding office in fiscal year 2023 be formally approved for that period.

5. Appointment of the auditors of the annual financial statements and group annual financial statements and of the auditors of the sustainability reporting for fiscal year 2024

Following a corresponding recommendation by the Audit and Compliance Committee, the Supervisory Board proposes that BDO AG Wirtschaftsprüfungsgesellschaft, Frankfurt/Main, be appointed auditors of the annual financial statements and group annual financial statements and auditors of the sustainability reporting for fiscal year 2024.

The appointment of the auditors of the sustainability reporting is made as a precaution in case the German legislator, in implementing Article 37 of the Statutory Audit Directive 2006/43/EC as amended by CSRD (EU) 2022/2464 of December 14, 2022, should require an explicit appointment of the auditors of the sustainability reporting by the general meeting of shareholders; in other words, in case under German implementation law, the statutory auditors of the annual financial statements and group annual financial statements should not automatically be responsible for the audit of the sustainability reporting.

The Audit and Compliance Committee has declared in its recommendation that this recommendation is free from any undue influence by third parties, and that no clause restricting the choice of the General Meeting of Shareholders within the meaning of Article 16 (6) of the EU Auditor Regulation (Regulation (EU) No 537/2014) has been imposed on the Audit and Compliance Committee.

6. Resolution on the approval of the compensation report for fiscal year 2023

Section 120a (4) sentence 1 AktG stipulates that the general meeting of shareholders of a listed company must resolve on the approval of the compensation report for the previous fiscal year prepared and audited in accordance with Section 162 AktG.

The full content of SAP SE's compensation report for fiscal year 2023, which has been prepared and audited in accordance with Section 162 AktG, including the auditor's certificate on the audit of the compensation report, can be found in Section II of this invitation (Information regarding Item 6 on the Agenda: Compensation report for fiscal year 2023).

The Executive Board and the Supervisory Board propose to resolve as follows:

The compensation report of SAP SE for fiscal year 2023, which has been prepared and audited in accordance with Section 162 AktG, is approved.

7. Election of Supervisory Board members

With the close of this year's Annual General Meeting of Shareholders, the mandates of the Supervisory Board members Aicha Evans, Gerhard Oswald, Dr. Friederike Rotsch, und Prof. Dr. h. c. mult. Hasso Plattner are scheduled to expire. In addition, Supervisory Board member Dr. h. c. Punit Renjen has

chosen to resign his mandate on the Supervisory Board with effect from the end of the Annual General Meeting of Shareholders on May 15, 2024. Therefore, new elections to the Supervisory Board must be held – with each candidate being elected by way of a separate vote.

The Supervisory Board proposes that the following persons be elected to the Supervisory Board of SAP SE:

a) **Aicha Evans**, Chief Executive Officer and member of the Board of Directors, Zoox, Inc., Foster City, California, USA, residing in Los Gatos, California, USA, with effect from the end of the General Meeting of Shareholders on May 15, 2024, until the end of the General Meeting of Shareholders resolving on the formal approval of the acts of the Supervisory Board for fiscal year 2027 (that is, for a period of approximately four years),

b) **Gerhard Oswald**, Managing Director, Oswald Consulting GmbH, Walldorf, Germany, and associate lecturer, Technical University of Munich (*Technische Universität München*), Munich, Germany, residing in Walldorf, Germany, with effect from the end of the General Meeting of Shareholders on May 15, 2024, until the end of the General Meeting of Shareholders resolving on the formal approval of the acts of the Supervisory Board for fiscal year 2025 (that is, for a period of approximately two years),

c) **Dr. Friederike Rotsch**, Group General Counsel, Deutsche Bank AG, Frankfurt, Germany, residing in Königstein im Taunus, Germany, with effect from the end of the General Meeting of Shareholders on May 15, 2024, until the end of the General Meeting of Shareholders resolving on the formal approval of the acts of the Supervisory Board for fiscal year 2027 (that is, for a period of approximately four years),

d) **Prof. Dr. Ralf Herbrich**, Managing Director and professor for artificial intelligence and sustainability, Hasso Plattner Institute for Digital Engineering gGmbH, Potsdam, Germany, residing in Falkensee, Germany, as successor for Dr. h. c. Punit Renjen with effect from the end of the General Meeting of Shareholders on May 15, 2024, until the end of the General Meeting of Shareholders resolving on the formal approval of the acts of the Supervisory Board for fiscal year 2027 (that is, for a period of approximately four years), and

e) **Dr. h. c. mult. Pekka Ala-Pietilä**, Chairman of the Board of Directors of Sanoma Corporation, Helsinki, Finland, residing in Helsinki, Finland, with effect from the end of the General Meeting of Shareholders on May 15, 2024, until the end of the General Meeting of Shareholders resolving on the formal approval of the acts of the Supervisory Board for fiscal year 2025 (that is, for a period of approximately two years).

These election proposals are based on corresponding proposals by the Nomination Committee, take into account the objectives resolved by the Supervisory Board regarding its composition, and aim at fulfilling the Profile of Skills and Expertise prepared by the Supervisory Board for the entire Board. The Diversity Policy prepared by the Supervisory Board regarding its composition is thereby also implemented. For details, please see the Corporate Governance Statement for fiscal year 2023 which can be accessed at the Internet address

https://www.sap.com/investors/en/governance.html,

and the Profile of Skills and Expertise prepared by the Supervisory Board, which can be accessed at the Internet address

https://www.sap.com/investors/en/governance/supervisory-board.html.

If elected, Dr. h. c. mult. Pekka Ala-Pietilä intends to stand for the position of Chair of the Supervisory Board.

The Supervisory Board made sure with the nominated candidates that they have sufficient time to perform their mandates.

The information pursuant to Section 125 (1) sentence 5 AktG regarding the memberships in other supervisory boards to be established by law and in comparable supervisory bodies of commercial enterprises in Germany and abroad and the résumés of the candidates are set out in Section III below (Information regarding Item 7 on the Agenda: Election of Supervisory Board members).

Please also note the following regarding the election of Supervisory Board members:

In accordance with Article 40 (2) and (3) of Council Regulation (EC) No 2157/2001 (SE Regulation), Section 17 of the German SE Implementation Act (*SE-Ausführungsgesetz*; "SEAG"), Section 21 (3) of the German Act on Employee Involvement in European Companies (*SE-Beteiligungsgesetz*; "SEBG"), Part II clauses 2 and 3 of the Agreement on the Involvement of Employees in SAP SE (*Vereinbarung über die Beteiligung der Arbeitnehmer in der SAP SE*) dated March 10, 2014, in the version last amended on November 23, 2023, and Article 10 (1) of the Articles of Incorporation of SAP SE, the Supervisory Board of SAP SE comprises 18 members, nine of whom will be elected by the General Meeting of Shareholders as shareholder representatives. The remaining nine members will be appointed as employee representatives under the Agreement on the Involvement of Employees in SAP SE referred to above. Pursuant to Section 17 (2) SEAG, the Supervisory Board of SAP SE must be made up of at least 30% men and women each. Therefore, at least five seats on the Supervisory Board of SAP SE must be occupied by women and five seats by men – applying the rounding rule of Section 96 (2) sentence 4 AktG *mutatis mutandis*. The Supervisory Board's election proposal is in line with these requirements, whereby it is assumed that the procedure for appointing employee representatives to the Supervisory Board, which was initiated prior to the convening of the General Meeting of Shareholders but will only be completed after the convocation of, and prior to, the General Meeting of Shareholders, will not lead to a change in the previous gender quota on the employee representatives' side.

8. Resolution on the compensation of the Supervisory Board members under amendment of Article 16 of the Articles of Incorporation

The provisions on the Supervisory Board's compensation contained in the Articles of Incorporation are to be amended to adjust the compensation of the chairperson of the Supervisory Board in line with the increased requirements of this role. To this end, the Supervisory Board's compensation and the underlying compensation system are again presented to this year's Annual General Meeting of Shareholders for adoption of a resolution pursuant to Section 113 (3) AktG.

The compensation of the Supervisory Board members is set forth in Article 16 of the Articles of Incorporation of SAP SE. Pursuant to this provision, the Supervisory Board members receive fixed compensation for their role, the amount of which depends on the tasks performed on the Supervisory Board or its committees. There is no provision for variable compensation for the Supervisory Board members, which would depend on the achievement of certain targets or goals, nor is there an attendance fee.

This concept shall be retained for the future. However, the Executive Board and Supervisory Board propose to increase the compensation of the chairperson of the Supervisory Board, while no additional compensation is to be paid to the chairperson of the Supervisory Board for chairing committees or for committee memberships.

In fiscal year 2023, SAP SE reviewed the current compensation of the chairperson of the Supervisory Board with the support of an independent external compensation expert and, in particular, subjected it to an international comparison with European and U.S. publicly listed companies. The review revealed that the amount of the current compensation of the chairperson of the Supervisory Board should be adjusted. This applies for several reasons: On the one hand, the workload for the chairperson of the Supervisory Board has increased significantly in recent years due to constantly growing requirements and responsibilities. On the other hand, it must be considered that the international market and business environment has become increasingly complex and challenging. In line with this, SAP SE, as one of the world's leading providers of business software, has to demand particularly high standards in terms of the qualifications and expertise of the chairperson of the Supervisory Board. The current compensation of the chairperson of the Supervisory Board does not meet these requirements and market practice in a market comparison – especially in comparison to publicly listed European, U.S., and other DAX40 companies. An attractive increase in compensation is essential to be competitive and to be able to attract suitable candidates for the position of chairperson of the Supervisory Board of SAP SE. The following proposed adjustment to the compensation of the chairperson of the Supervisory Board takes this into account.

The wording of Article 16 of the Articles of Incorporation in its previous version and in its new version proposed herein can be found in Section IV of this invitation (Information regarding Item 8 on the Agenda: Compensation of the Supervisory Board members). In addition, a more detailed description of the compensation system underlying this provision of the Articles of Incorporation can be found there, applying Section 87a (1) sentence 2 AktG *mutatis mutandis*.

The Executive Board and the Supervisory Board propose that the following resolution be adopted:

a) Article 16 (1) sentence 2 of the Articles of Incorporation of SAP SE is amended as follows:

   "The chairperson of the Supervisory Board shall receive an annual basic compensation of €600,000, and each deputy chairperson shall receive €220,000."

   To Article 16 (2) of the Articles of Association of SAP SE, the following new sentence 4 shall be added:

   "The chairperson of the Supervisory Board shall not receive any additional compensation for chairing, or being a member of, any committees."

   In all other respects, Article 16 of the Articles of Incorporation of SAP SE shall remain unchanged.

b) The compensation of the Supervisory Board members pursuant to Article 16 of the Articles of Incorporation of SAP SE as amended under a) above, including the underlying compensation system described in detail in the invitation to the General Meeting of Shareholders on May 15, 2024, in Section IV, is approved.

c) The new compensation rule will apply from May 15, 2024.

9. Resolution on the amendment of Article 18 (3) of the Articles of Incorporation

On December 15, 2023, the Financing for the Future Act (*Zukunftsfinanzierungsgesetz;* "ZuFinG") of December 11, 2023, came into force. Among other things, this legislation changed the record date according to Section 123 (4) sentence 2 AktG from the beginning of the 21st day before the general meeting of shareholders to the close of business on the 22nd day.

Article 18 (3) sentence 2 of the Articles of Incorporation of SAP SE stipulates that the proof of shareholding on which the shareholders' right to participate in the Annual General Meeting and to exercise their voting rights depends shall refer to the beginning of the 21st day prior to the Annual General Meeting. This provision of the Articles of Incorporation of SAP SE is based on the previous legal situation and is now to be adapted to the new legal situation.

The Executive Board and the Supervisory Board propose that the following resolution be adopted:

Article 18 (3) sentence 2 of the Articles of Incorporation of SAP SE shall be restated as follows:

"The proof shall relate to the close of business of the 22nd day prior to the General Meeting of Shareholders."

In all other respects, Article 18 of the Articles of Incorporation of SAP SE shall remain unchanged.

II. Information regarding Item 6 on the Agenda: Compensation report for fiscal year 2023

Under item 6 of the agenda, the Executive Board and the Supervisory Board propose that the compensation report of SAP SE for fiscal year 2023, which was prepared and audited in accordance with Section 162 AktG, be approved. Pursuant to Section 124 (2) sentence 3 AktG, the full content of this compensation report, including the auditor's report on the audit of the compensation report, is therefore published as follows:

Compensation Report

Compensation for Executive and Supervisory Board Members

This compensation report describes the two compensation systems for Executive and Supervisory Board members, outlines the criteria that apply to the compensation for the year 2023, and discloses the amount of compensation. The compensation system for Executive Board members was approved by the Annual General Meeting on May 20, 2020, and the compensation system for Supervisory Board members was approved by the Annual General Meeting on May 11, 2023.

The current compensation report meets the requirements of section 162 of the German Stock Corporation Act (AktG). The compensation report for 2022 was approved by the Annual General Meeting on May 11, 2023.

The Supervisory Board engages regularly with SAP's stakeholders, including investors, on the appropriateness of compensation transparency and structure. Based on this input, a new compensation system for the Executive Board members was approved at the Annual General Meeting on May 11, 2023. The new compensation system is effective from 2024 and will therefore form the basis of the 2024 compensation report. For more information, please see the 2024 compensation system for Executive Board members.

Compensation for Executive Board Members

Compensation System

The compensation for Executive Board members is intended to reflect the demanding role of Executive Board members leading a global company in a rapidly evolving sector. The compensation level is aimed to be competitive to support SAP in the global market for highly skilled executives, especially in the context of the international software industry. It is our goal that our Executive Board compensation provides sustainable incentive for committed, successful work in a dynamic business environment.

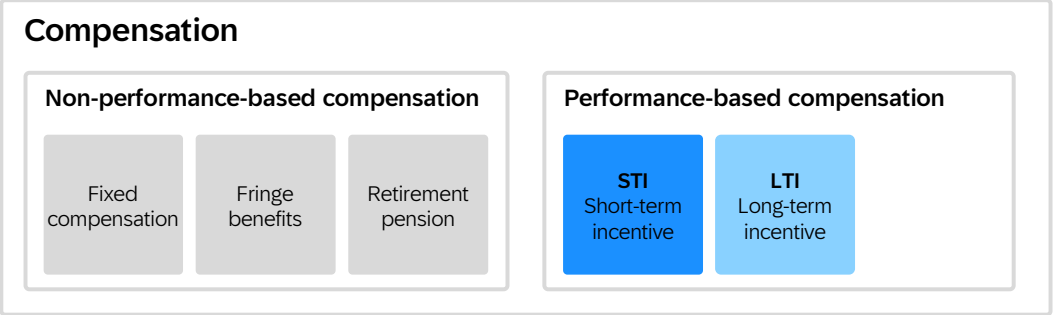

The Supervisory Board – supported by its Personnel and Governance Committee – determines the compensation for each Executive Board member based on their individual role and performance in its first regular meeting of each fiscal year, following the principles that the compensation:

- Promotes the business strategy
- Ensures that extraordinary performance is appropriately rewarded and any failure to achieve specific targets triggers a tangible reduction in the compensation
- Is in line with market standards in terms of its level and structure and reflects the Company's size, complexity, and economic situation
- Takes account of the pay structure in the Company as a whole. In this context, the compensation is compared with the pay of SAP executives and non-executive SAP employees to ensure that the principle of proportionality is observed within SAP.

The compensation system is, to a major extent, already aligned with the compensation agreements currently in place, with the exception of a few provisions relating to fringe benefits and/or pension commitments. When, in future, new members are appointed or members are reappointed, the Supervisory Board will ensure that the specific total compensation is aligned with the compensation system.

For more information about the work of the Supervisory Board and its committees, see the Report by the Supervisory Board.

The compensation contains performance-based elements and non-performance-based elements, as follows:

The amount of performance-based compensation depends primarily on SAP's performance against predefined target values (Key Performance Indicators, KPIs) and on the SAP share price, and is subject to hurdles and caps. These KPIs and their target values as well as their weighting are set by the Supervisory Board each year and are aligned to the SAP budget for that year or to SAP's externally communicated financial ambitions.

The Supervisory Board sets the individual total target compensation for each Executive Board member, comprised of the fixed compensation element and the two performance-based elements. This target compensation is benchmarked based on SAP's global strategy, market position, business performance and future prospects of economy, and the compensation paid at comparable national and international companies. The benchmarking was conducted in January 2023 based on the compensation data from the DAX 40 companies as well as selected U.S.-based IT and other technology companies.[1] This benchmark was the basis for all compensation decisions made for 2023 and led to no changes. The Supervisory Board reviews, assesses, and sets the target compensation in its first meeting of each fiscal year (February 22, 2023, for 2023). The Supervisory Board is of the opinion that this approach ensures that the compensation is appropriate.

The compensation system is designed to support long-term growth in the Company's value. The long-term incentive element therefore has significant weighting, making up about two-thirds of the CEO's compensation target, and more than 50% of the ordinary Executive Board members' compensation target.

In the case of any extraordinary, unforeseeable events, the Supervisory Board is entitled, at its reasonable discretion, to adjust the performance-based compensation before payout upwards or downwards in the interest of SAP. This discretion is limited to +/−20% for the STI and to +/−10% for the LTI.

The individual elements of SAP's Executive Board compensation are described in more detail below.

Non-Performance-Based Compensation

Fixed Compensation

The fixed compensation is paid monthly in 12 equal installments in the Executive Board member's home currency. Home currency is the currency of the Executive Board member's primary place of residence.

Fringe Benefits

The contractually guaranteed fringe benefits mainly comprise insurance contributions, benefits in kind, expenses for maintenance of two households, use of aircraft, and tax gross-ups according to local conditions. The recurring fringe benefits are limited in terms of value to 10% of fixed compensation for ordinary Executive Board members and to 20% for the CEO. Executive Board members who have their permanent residence outside Germany are granted reimbursement of expenses for tax advice with a maximum value of 15% of fixed compensation for ordinary Executive Board members and 30% for the CEO. In case of a relocation to Germany from abroad, a relocation package of up to 15% of fixed compensation for ordinary Executive Board members and up to 30% for the CEO can be granted.

[1] The following U.S.-based companies were included: Adobe, Amazon.com, Apple, Automatic Data Processing, Cisco Systems, Cognizant Technology Solutions, Dell Technologies, DXC Technology, Meta, Hewlett Packard Enterprise, International Business Machines, Microsoft, Netflix, Oracle, salesforce.com, ServiceNow, VMware, Western Digital, and Workday.

Additionally, to the extent that compensation benefit earned prior to moving to the SAP Executive Board is lost due to this move, a one-off payment (replacement award) could be granted in an amount of up to 200% of the fixed compensation.

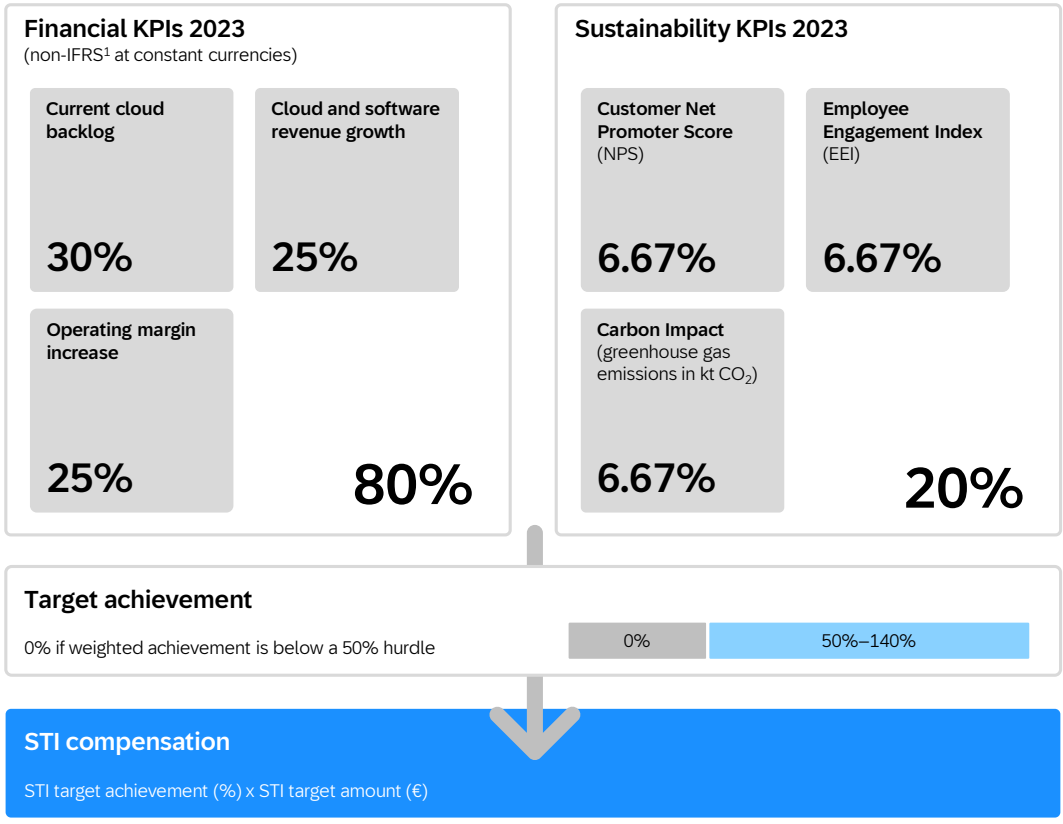

According to the new compensation system approved on May 11, 2023, the cap on the amount of the individual member's fringe benefits determined for 2024, the provisions regarding the mobility package, the compensation in foreign currency and its limitation to a euro equivalent, and the replacement award could also apply retroactively for the period from January 1, 2023.

Retirement Pension

The retirement pension plan that applies at SAP is based on defined contributions. For Executive Board members whose permanent place of residence is outside Germany, SAP may specify a retirement pension plan that applies for employees at a company belonging to the SAP Group in the relevant country, limited to 30% of fixed compensation. According to the new compensation system approved on May 11, 2023, the pension-related commitments could also apply retroactively for the period from January 1, 2023.

Performance-Based Compensation

Short-Term Incentive

[1] Based on non-IFRS metrics published in October 2023 reflecting the decision of the Supervisory Board in September 2023 (for more information, see the section Decisions for 2023).

The short-term, one-year performance-based compensation (Short-Term Incentive, STI) is determined based on a set of financial targets (financial KPIs) and sustainability targets (sustainability KPIs).

For the STI 2023, the financial KPIs have a total weighting of 80% and comprise non-IFRS constant currency current cloud backlog in 2023; year-over-year growth in non-IFRS constant currency cloud

and software revenue in 2023; and non-IFRS constant currency operating margin development in 2023 year over year.

The sustainability KPIs have a total weighting of 20%, and comprise Customer Net Promoter Score, which measures SAP's customer loyalty; Employee Engagement Index, which measures SAP's employee commitment, pride, and loyalty; and Carbon Impact, which measures SAP's greenhouse gas emissions.

The KPIs and their respective target values are derived from SAP's budget for the respective year. For more information about KPIs, see the Performance Management System section in the SAP Integrated Report 2023.

Each underlying KPI includes a hurdle and a cap in addition to the overall hurdle of 50% and the overall cap of 140%. In the event that the hurdle for the individual KPIs is missed and results in the weighted target achievement also falling below the overall hurdle of 50%, the individual hurdle for the respective KPI will be ignored. If the weighted target achievement is below 50%, there is no STI payout. In this case, the target achievement for these KPIs is set to zero.

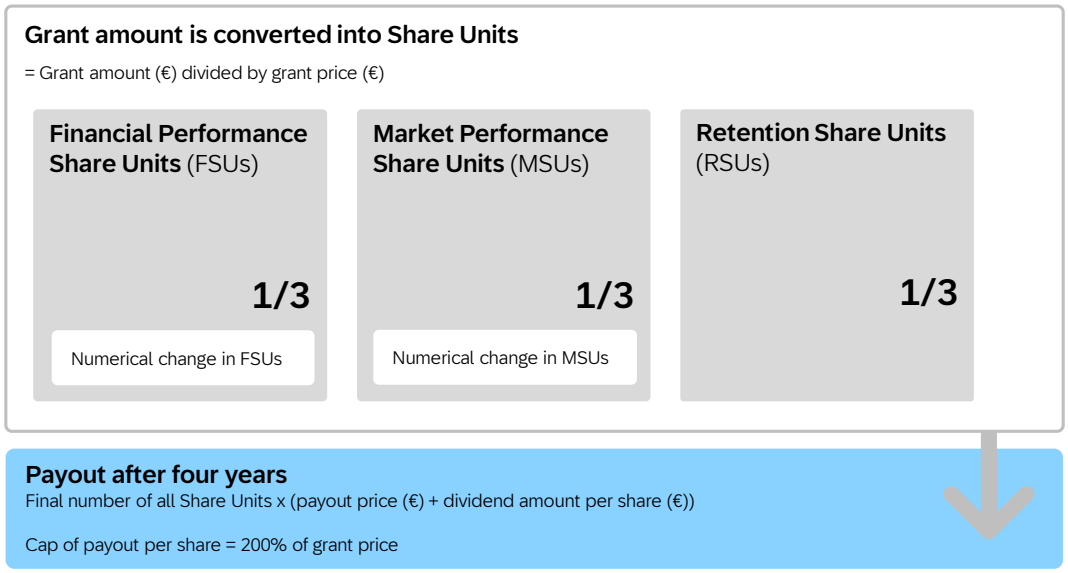

The STI compensation will be paid out after the Annual General Meeting of Shareholders in the following year. It is paid in the Executive Board member's home currency. All Executive Board members are obliged to purchase SAP shares worth at least 5% of the actual payout amount in accordance with appropriate trading period regulations. These shares are subject to a three-year holding period.

Long-Term Incentive

The SAP Long-Term Incentive Program 2020 (LTI 2020) is granted in annual tranches and reflects SAP's long-term strategy and thus sets uniform incentives for the Executive Board members to achieve key targets from the long-term strategic plans. The LTI 2020 also serves to reward the Executive Board members for long-term SAP share price performance as compared to the market, thus ensuring that shareholders' interests are also honored. In addition, the LTI 2020 includes a component designed to ensure long-term retention of our Executive Board members.

The LTI 2020 is a virtual share program under which annual tranches with a term of approximately four years each are granted. When the individual tranches are granted, a certain grant amount specified in the Executive Board member's service contract is converted into virtual shares (Share Units) in each case. The grant amount cannot exceed 700% of the fixed compensation (based on the relevant euro amounts when determining the specific compensation). The grant amount is divided by the SAP share price, which corresponds to the arithmetic mean on the 20 trading days after scheduled publication of the preliminary results for the fourth quarter and the year as a whole (grant price). In 2023, the financial results were published on January 26, 2023. The Share Units allocated are composed of 1/3 financial performance share units (FSUs), 1/3 market performance share units (MSUs), and 1/3 retention share units (RSUs). All three types of Share Unit have a vesting period of approximately four years.

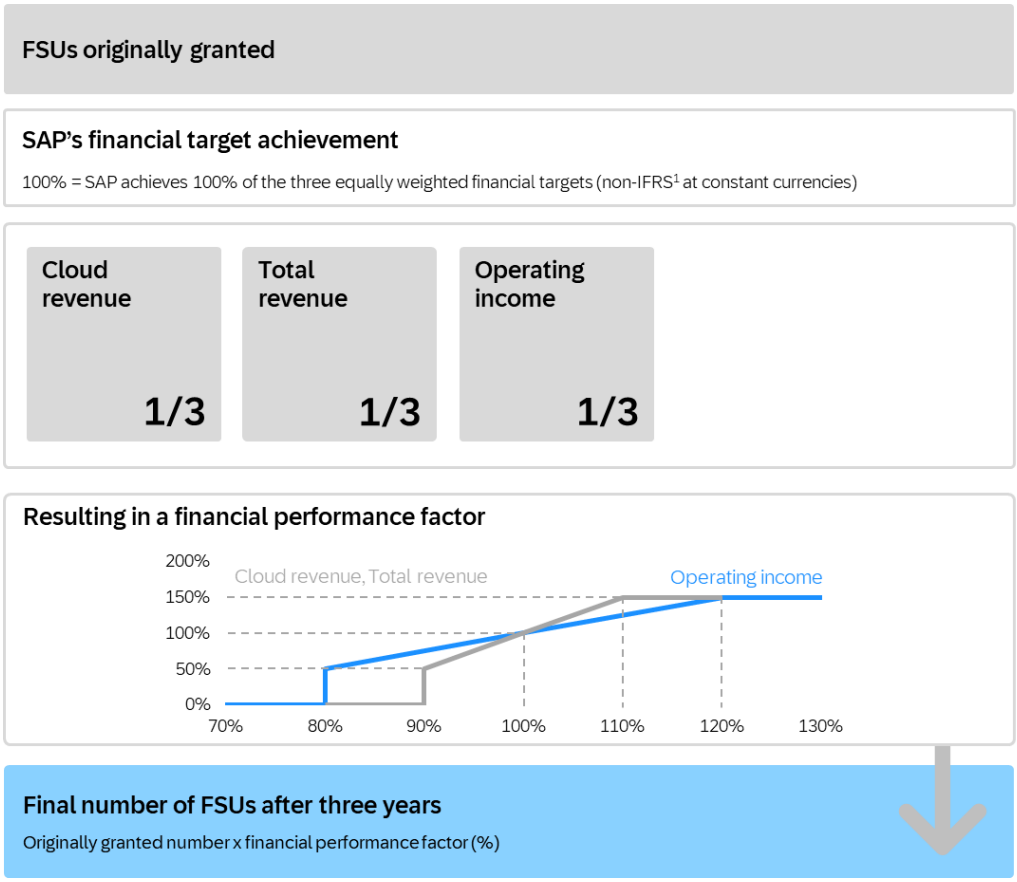

LTI Grant Process

The number of RSUs does not change throughout the term, whereas the number of FSUs and MSUs may be subject to change as follows:

Numerical Change in FSUs

The final number of FSUs changes depending on SAP's performance against the three equally weighted financial KPI targets over the entire three-year performance period. The targets for each tranche are based on the cumulative three-year sum of each KPI. Cloud revenue and total revenue have a cap of 110% and a hurdle of 90% target achievement, while operating income has a cap of 120% and a hurdle of 80% target achievement.

[1] Based on non-IFRS metrics published in October 2023 reflecting the decision of the Supervisory Board in September 2023 (for more information, see the section Decisions for 2023).

The following examples of the FSU calculation illustrate possible outcomes assuming 1,000 FSUs granted:

SAP financial performance is better than targets		
Total revenue performance factor		100%
Cloud revenue performance factor		125%
Operating income performance factor capped at		150%
Financial performance factor	(100% + 125% + 150%) / 3	125%
Final number of FSUs	125% x 1,000	1,250

SAP financial performance does not meet the targets		
Total revenue performance factor below 50%		0%
Cloud revenue performance factor		65%
Operating income performance factor		100%
Financial performance factor	(0% + 65% + 100%) / 3	55%
Final number of FSUs	55% x 1,000	550

Numerical Change in MSUs

The number of MSUs initially awarded is multiplied by a performance factor. The performance factor depends on the amount of the total shareholder return (TSR) on the SAP share, measured for an entire performance period of approximately three years, and ranked in relation to the TSR performance of the companies of the NASDAQ-100 Index (Index). TSR reflects the performance of the share, combining share price development and granted and reinvested dividends. The market performance factor has a cap at 150% at the 75th percentile (P-75) and a hurdle of 50% at 25th percentile (P-25); below the hurdle, no MSUs are considered.

MSUs originally granted

TSR performance: SAP relative to Index

100% = SAP is ranked to the median of the index companies

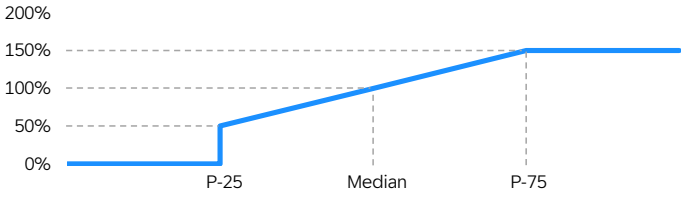

Index TSR performs better than SAP TSR

SAP is ranked below the median of the index companies

SAP TSR performs better than Index TSR

SAP is ranked above the median of the index companies. Performance factor is only higher than 100% when SAP TSR performance is positive.

Resulting in a market performance factor

Final number of MSUs after three years

Originally granted number x market performance factor (%)

The following examples of the MSU calculation illustrate possible outcomes assuming 1,000 MSUs granted:

SAP TSR performs better than TSR of NASDAQ-100 companies		
SAP TSR performance		+10%
Performance factor	55th percentile	110%
Final number of MSUs	110% x 1,000	1,100

SAP TSR performs better than TSR of NASDAQ-100 companies; cap is triggered		
SAP TSR performance		+18%
Performance factor	80th percentile	160%
	Cap 75th percentile	150%
Final number of MSUs	150% x 1,000	1,500

SAP TSR performs better than TSR of NASDAQ-100 companies; in a downwards market trend		
SAP TSR performance		–5%
Performance factor	60th percentile	120%
	Cap due to required positive performance	100%
Final number of MSUs	100% x 1,000	1,000

Payout of FSUs, MSUs, and RSUs

The value of the existing FSUs, MSUs, and RSUs will be paid out in euros following the Annual General Meeting of SAP, which accepts the financial statements for the third financial year following the financial year in which the Share Units were awarded. The performance of the Share Units is linked to the performance of the SAP share price, including dividend payments. Accordingly, an amount is paid out for each Share Unit (subject to the specifics described below) which equals the then-current SAP share price plus those dividends that were disbursed in respect of an SAP share in the period from the beginning of the year in which the Share Units were awarded until the end of the third year following the year in which the Share Units were awarded. The arithmetic mean of the SAP share price on the 20 trading days after scheduled publication of the preliminary results for the fourth quarter and the year as a whole will be used as the payout price.

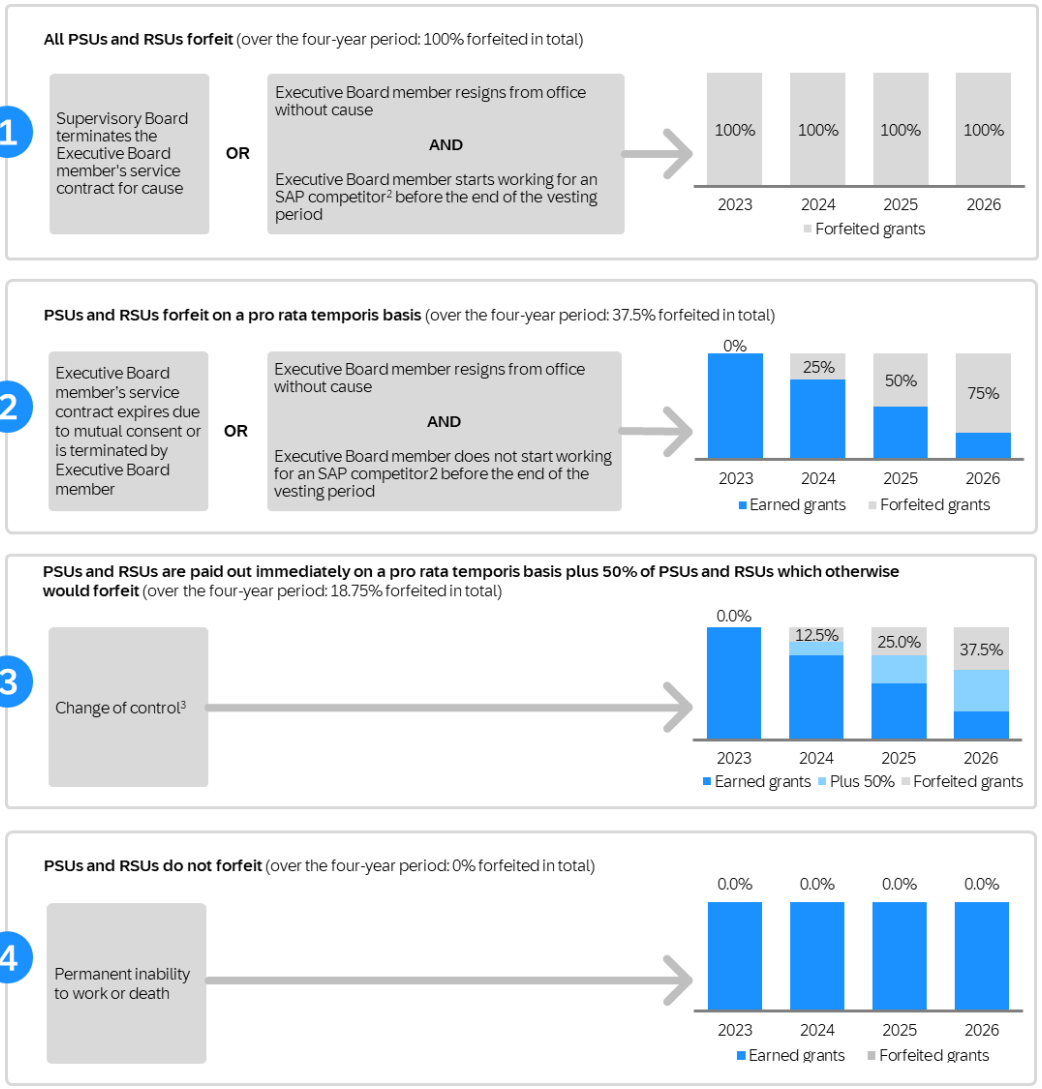

The payout amount per Share Unit, including the dividend amounts due on the Share Units, is capped at 200% of the grant price. Due to the potential change in the number of FSUs and MSUs, the maximum possible payout amount under any of the annual tranches of the LTI 2020 is thus approximately 267% of the grant amount. Currency exchange rate risks are borne by the Executive Board members.

However, all types of Share Unit may expire during the entire term of a tranche under certain conditions.

LTI Forfeiture Rule

If an Executive Board member's service contract is terminated before the end of the third year following the year in which the Share Units were granted, the PSUs (FSUs, MSUs) and RSUs are forfeited in whole or in part, depending on the circumstances of the relevant resignation from office or termination of the service contract. In case Share Units are forfeited in part, the percentage of the forfeiture is proportional to the four-year vesting period of each grant. This means that 25% of the grant is earned each year of the vesting period. Unearned grants are forfeited.

LTI Forfeiture Rules (including example calculation[1])

[1] Example calculation with four tranches (grant allocation of 100%, stable share price from grant to vest, and no consideration of performance condition); Executive Board member's contract terminates after year four (December 31, 2026).

[2] As defined in the individual Executive Board members' contracts.

[3] For the definition, see the Early End-of-Service Undertakings section.

Foreign Currency Exchange Rate Cap

Where the fixed compensation and the STI are paid out in the Executive Board member's home currency, the total (gross) payout amount resulting from the fixed compensation and the STI for a financial year is limited to a maximum euro equivalent in case of exchange rate fluctuations. The euro cap for a full financial year equals 120% each for the sum of the fixed compensation and STI target amount converted into euro plus 20% of the grant amount for a tranche under the LTI 2020.

Target and Maximum Compensation

The compensation system allows for total target compensation (not considering any fringe benefits, replacement awards, retirement pension, and foreign currency exchange rate cap) of up to €6.0 million for ordinary Executive Board members and up to €13.6 million for the CEO.

The proportion of total target compensation consisting of fixed compensation, the STI, and the LTI (without fringe benefits and retirement pension) must be within the following ranges:

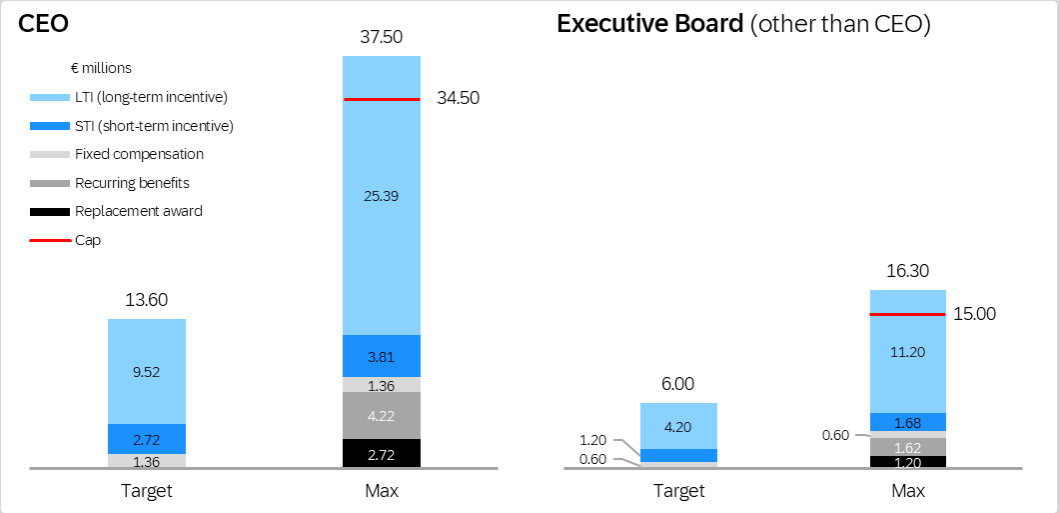

– Fixed compensation: 10% to 20%

– STI: 20% to 30%

– LTI: 50% to 70%

Maximum compensation is the maximum amount which may be paid to an Executive Board member in total for a financial year. The maximum compensation (not considering any fringe benefits, replacement awards, retirement pension, and foreign currency exchange rate cap) is €13.2 million for ordinary Executive Board members and €29.8 million for the CEO. The maximum total compensation including all maximum possible benefits is €15.0 million for ordinary Executive Board members and €34.5 million for the CEO. When determining the compensation structure and the target compensation for the individual members of the Executive Board, the Supervisory Board must ensure that the potential payments, taking the STI and LTI caps into account, cannot exceed the maximum compensation and the maximum total compensation.

To illustrate the maximum total compensation including all maximum benefits, the LTI is allocated as high as the defined ranges allow, and the fixed compensation is allocated as low as the defined ranges allow. For this purpose, the recurring benefits include retirement pension, foreign currency exchange rate cap, and fringe benefits. In addition, based on the new compensation system, the limit of Julia White's and Scott Russell's fringe benefits determined for 2024 apply retroactively for 2023.

Clawback Provisions and Clawback Policy

SAP has the contractual right to request that the Executive Board member returns any payments made from the STI or LTI if it subsequently emerges that the payment was not justified in whole or in part because targets were not achieved at all or not achieved in the scope assumed when calculating the payment amount due on account of false information having been provided. In such case, the Executive Board member is obliged to repay to SAP the amount by which the payment actually made exceeds the payment amount due on the basis of the targets actually achieved.

In addition, in compliance with new requirements by the U.S. Securities and Exchange Commission and the New York Stock Exchange for companies listed in the United States, including foreign private issuers such as SAP, SAP adopted a clawback policy that is applicable as of October 2, 2023. This new

policy requires the Supervisory Board to recoup incentive-based compensation from current and former Executive Board members in the case of a restatement of financial statements arising from material non-compliance with any financial reporting requirement under the U.S. federal securities laws that impacts the calculation of incentive-based compensation paid out in the last three years.

Offsetting Compensation in Case of Roles Assumed Inside and Outside the Group

At the request of the Supervisory Board, the Executive Board member will assume roles on the supervisory board or similar bodies at affiliates of SAP without receiving separate compensation. If, in exceptional cases, it is impossible to rule out compensation for a role assumed within the Group, it will be offset against the other compensation due to the Executive Board member. The Supervisory Board has to agree before an Executive Board member assumes any roles on supervisory boards or similar bodies at companies outside the Group and will decide in the individual case whether and to what extent any compensation is to be offset against compensation paid by SAP.

Decisions for 2023

No corrections were made to the payout amounts for the STI 2022 or LTI 2016 Plan tranche 2019 paid in May 2023. The Supervisory Board did not request that any Executive Board member return payments (clawback provision). On February 21, 2024, the Supervisory Board assessed SAP's performance against the previously agreed targets and determined the amount of the STI 2023 for the entire Executive Board.

On July 27, 2023, the Supervisory Board decided to exclude the impact of the Qualtrics divestiture and resolved updated targets for the STI 2023 and the LTI tranches 2021, 2022, and 2023.

Furthermore, in September 2023, the Supervisory Board decided to exclude the expenses related to compliance matters from the variable Executive Board compensation for 2023 and 2024. This applies for the Executive Board members' compensation components STI and LTI as far as the KPIs "Operating Margin Increase" (STI) and "Operating Income" (LTI) for the fiscal years 2023 and 2024 are concerned. This decision also affects the 2021 and 2022 tranches of the LTI 2020 (LTI 2021, LTI 2022, LTI 2023, LTI 2024) and the STI for the years 2023 and 2024 (STI 2023 and STI 2024). The Supervisory Board recognizes the fact that the compliance matters in question stem almost exclusively from events in the past when none of the current Executive Board members were in office. At the same time, it ensures that this temporary adjustment will safeguard the business performance focus of the compensation for the current Executive Board members. In addition, the current Executive Board has significantly improved, expanded, and made the Company's compliance efforts much more effective to prevent comparable cases from occurring again in the future.

In accordance with the new compensation system effective 2024, the Supervisory Board resolved already on October 26, 2023, to set the cap on fringe benefits for Scott Russell at US$456,000 and for Julia White at US$363,000 for the year 2023.

On December 21, 2023, the Supervisory Board decided to exclude the impact of the LeanIX acquisition and resolved to neutralize the effects on the STI 2023 and the LTI tranches for 2021, 2022, and 2023.

STI Target Achievement 2023

Overview of the Relations Between Target and Payout for Performance-Based Compensation

The total target achievements of the STI reflect the relation between the target amount and the payout amount. The STIs for the years 2019 to 2022 were already paid out.

STI Total Target Achievement

Percentage	**2023**	2022	2021	2020	2019
	115.1	61.2	133.3	0	82.4

The relation between the LTI target amounts for the 2020 to 2023 tranches and the theoretical payout amounts are based on SAP's share price at year end. The 2019 tranche discloses the relation between the respective target amount and the actual payout amount in May 2023. The payout price for the tranche 2019 was calculated as the average share price between January 27, 2023, and February 24, 2023.

Relation Between Target Amount and Payout Amount of the LTI

Percentage				**LTI 2020**	LTI 2016 Plan
	2023 Tranche[1]	2022 Tranche[1]	2021 Tranche[1]	2020 Tranche[1]	2019 Tranche
12/31/2023	**149.1**	158.5	165.9	63.0	95.6
12/31/2022	**NA**	94.0	100.9	43.7	83.0

[1] Consideration of theoretical payout amounts based on SAP's share price and market data at year end

Amount of Compensation for 2023

We present the Executive Board compensation disclosures in accordance with section 162 of the AktG, for the current year as well as for the previous year 2022. For each member of the Executive Board, the following tables disclose the compensation awarded and due as well as the contractual compensation in the reporting year.

Contractual Compensation

The contractual compensation shows the target amounts agreed in the individual employment contracts, including fringe benefits, and corresponds to a target achievement of 100% for the respective periods. If the appointment term commences or ends during a financial year, the compensation is disclosed pro rata temporis.

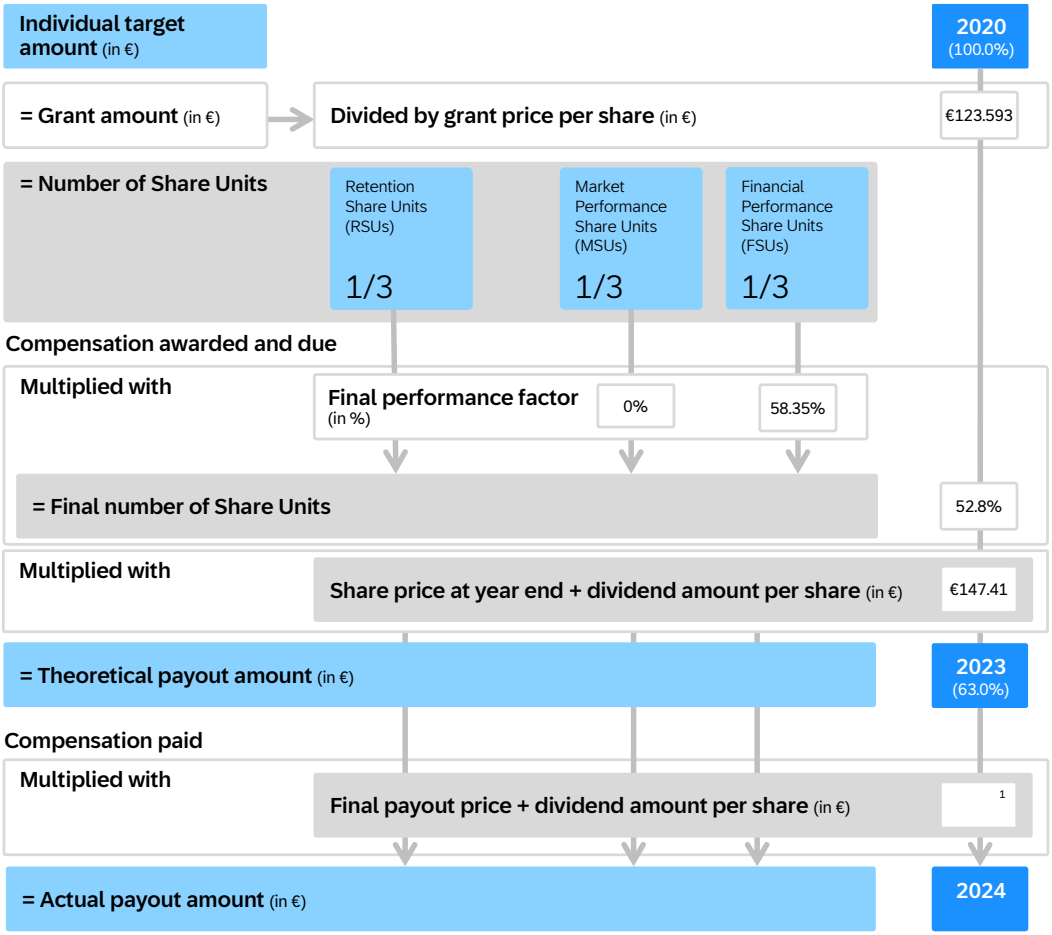

As the fixed compensation and the STI are determined in the Executive Board member's home currency, a maximum euro equivalent ("euro cap") is considered to limit the exchange rate fluctuations to 20% of the sum of contractual values for fixed compensation, STI, and LTI in euros. For conversion purposes from home currency into euro, for fixed compensation the average exchange rate and for the one-year variable compensation the year-end exchange rate of the respective period applies. The difference to the contractual exchange rate is disclosed.

It is ensured that the potential payments, taking the STI and LTI caps into account, cannot exceed the maximum compensation and the maximum total compensation.

Compensation Awarded and Due

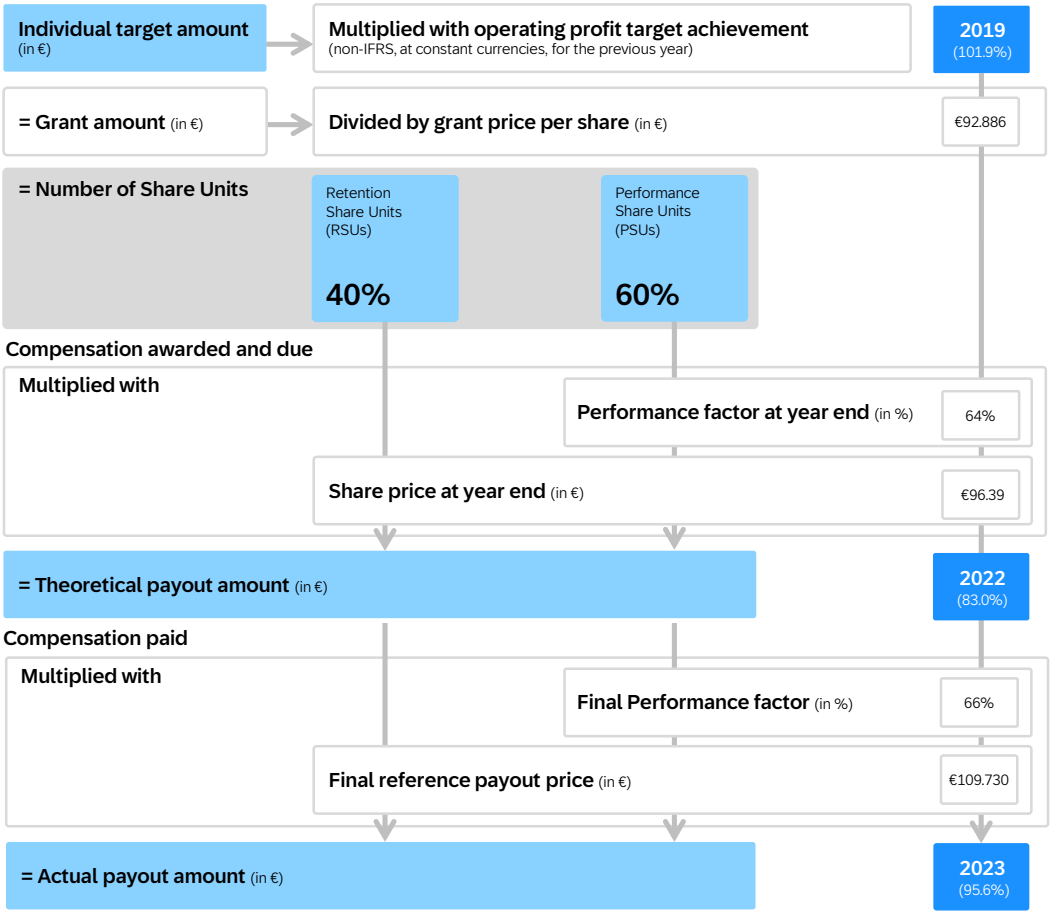

Compensation that has been received and/or earned in the reporting year is defined as compensation awarded and due based on section 162 of the AktG. This means that the underlying services were fully rendered by the end of the reporting year, although payout only occurs after the end of the reporting year, in order to make reporting transparent and comprehensible and in order to ensure a connection between performance and compensation in the reporting period.

Therefore, the STI 2023 and the LTI 2020 tranche 2020 are both reported in 2023. The compensation awarded and due related to the LTI 2020 tranche 2020 is disclosed with the share price at year end and the performance factor of the PSUs at year end. The payout of this tranche in May 2024 will be calculated based on the performance period according to the plan terms. The difference in the payout amount according to share price and performance factor development between the year end and the end of the performance period pursuant to the plan terms will also be disclosed.

[1] Value is determined at time of payout after the Compensation Report has been prepared.

In addition, the difference in the payout amount according to share price and performance factor development between the year end and the end of the performance period pursuant to the plan terms of the LTI 2016 Plan tranche 2019 is disclosed in 2023.

The individual amount resulting from the difference between the actual payout amount of 95.6% and the theoretical payout amount of 83.0% is disclosed in the following tables under “LTI 2016 Plan – Tranche 2019” in 2023.

For the fixed compensation and the STI paid out in the Executive Board member’s home currency, the amounts are converted to euro for reporting purposes. While for the fixed compensation and fringe benefits conversion into euro the annual average exchange rate applies, the STI is converted with the exchange rate at year end. For the actual payout of the STI, which is due after the annual shareholders meeting, the exchange rate at payout will apply. The individual amount resulting from the difference between the exchange rate at year end and at payout will be disclosed in the following tables under “Exchange rate fluctuations” in 2023.

With his appointment to the Executive Board, Dominik Asam received exceptional grants to compensate the loss of previously earned and forfeited compensation with his previous employer. The total loss of compensation was €3.85 million. The distribution of this amount reflects the nature and timing of the forfeited compensation as far as possible within the SAP compensation system. This results for 2023 in an STI of €0.43 million, an LTI grant of €0.6 million, and a replacement award of €1.6 million. These amounts are included in the table above in addition to the regular compensation. The outstanding difference will be granted as an STI and an LTI award in 2024. The replacement award is not considered in the maximum target compensation.

With her appointment to the Executive Board, Julia White received exceptional grants to compensate the loss of previously earned and forfeited compensation with her previous employer. The total loss of compensation was €5.46 million. The distribution of this amount reflects the nature and timing of the forfeited compensation as far as possible within the SAP compensation system. This results for 2023 in an STI of €0.15 million and an LTI grant of €0.36 million (2022: STI of €0.6 million, LTI grant of €1.4 million, in 2021: STI of €0.4 million, LTI grant of €1.0 million, and replacement award of €1.5 million). The amounts for 2023 and 2022 are included in the table above in addition to the regular compensation.

End-of-Service Benefits

Regular End-of-Service Undertakings

Retirement Pension Plan

The following retirement pension agreements apply to the individual members of the Executive Board:

- Dominik Asam, Sabine Bendiek, Christian Klein, Luka Mucic, Juergen Mueller, and Thomas Saueressig are entitled to receive a retirement pension when they reach the retirement age of 62 and retire from their Executive Board seat; or a disability pension depending on a health examination if, before reaching the regular retirement age, they become subject to occupational disability or permanent incapacity. A surviving dependent's pension is paid on the death of a former member of the Executive Board, if covered. The disability pension is 100% of the vested retirement pension entitlement and is payable until the beneficiary's 62nd birthday, after which it is replaced by a retirement pension. The surviving dependent's pension is 60% of the retirement pension or vested disability pension entitlement at death. Entitlements are enforceable against SAP SE. Current pension payments are reviewed annually for adjustments and, if applicable, increased according to the surplus in the pension liability insurance or by 1% annually, depending on the agreement. If service is ended before the retirement age of 62, pension entitlement is reduced in proportion as the actual length of service stands in relation to the maximum possible length of service. Alternatively, the entitlement to benefits corresponds to the pension contributions paid up to that point. The applied retirement pension plan is contributory. The contribution is 4% of applicable compensation up to the applicable income threshold plus 14% of applicable compensation above the applicable income threshold. For this purpose, applicable compensation is 180% of annual base salary. The applicable income threshold is the statutory annual income threshold for the state pension plan in Germany (West), as amended from time to time.
- SAP made contributions to a third-party pension plan for Scott Russell and Julia White. SAP's matching contributions are based on payments by Scott Russell and Julia White into their pension plan.

Postcontractual Non-Compete Provisions

Each Executive Board member's contract includes a 12-month postcontractual non-compete agreement. During this non-compete period, Executive Board members receive abstention payments corresponding to 50% of their average contractual compensation as members. This average is calculated on the basis of the preceding three years. Any other occupational income generated by the Executive Board member is deducted from their compensation. In accordance with the German Corporate Governance Code (GCGC), the Supervisory Board will offset any severance payments against such compensation for abstention.

The following table presents the theoretical amounts for the net present values of the postcontractual non-compete abstention payments. The calculation assumes the following:

- The Executive Board member leaves SAP at the end of their respective current contract term.
- Their final average contractual compensation prior to their departure equals their compensation in 2023.

Actual postcontractual non-compete payments will likely differ from these amounts depending on the time of departure and the compensation levels and target achievements at the time of departure.

Net Present Values of the Postcontractual Non-Compete Abstention Payments

€ thousands	Contract Term Expires	Discount Rate (in %)	**Net Present Value**
Christian Klein (CEO)	4/30/2025	3.44	3,421.6
Dominik Asam (from 3/7/2023)	3/6/2026	3.32	1,835.9
Juergen Mueller	12/31/2024	3.57	1,763.5
Scott Russell	1/31/2027	3.33	1,390.3
Thomas Saueressig	10/31/2025	3.36	1,699.5
Julia White	2/28/2027	3.33	1,152.2
Total			**11,263.1**

Sabine Bendiek resigned from her position as Executive Board member upon the end of her current term on December 31, 2023. Starting in January 2024, she receives for a period of 12 months monthly abstention compensation for the postcontractual non-compete period totaling €2,452,967.

Early End-of-Service Undertakings

Severance Payments

The contracts for all Executive Board members provide that on termination before full term (for example, by the Company without cause where the member's appointment is revoked, where the member becomes occupationally disabled, or in connection with a change of control), SAP SE will pay to the member the outstanding part of the compensation target for the entire remainder of the term, appropriately discounted for early payment. In accordance with section G.13 of the GCGC, payments made to an Executive Board member due to early termination must not exceed twice the annual total compensation. The annual total compensation is defined as the individual total target compensation comprised of the fixed compensation element and the two performance-based elements. In the case of change of control, the payment must not exceed 150% of the severance payment cap. Members are not entitled to that severance payment if they have not served SAP as a member of the Executive Board for at least one year or if they leave SAP SE for reasons for which they are responsible.

If an Executive Board member's appointment to the Executive Board expires or ceases to exist because of, or as a consequence of, change or restructuring, or due to a change of control, SAP SE and each Executive Board member has the right to terminate the employment contract within eight weeks of the occurrence by giving six months' notice. A change of control is deemed to occur when:

- A third party is required to make a mandatory takeover offer to the shareholders of SAP SE under the German Securities Acquisition and Takeover Act;
- SAP SE merges with another company and becomes the subsumed entity;
- A control or profit transfer agreement is concluded with SAP SE as the dependent company.

An Executive Board member's contract can also be terminated before full term if their appointment as an Executive Board member of SAP SE is revoked in connection with a change of control.

Postcontractual Non-Compete Provisions

Abstention compensation for the postcontractual non-compete period as described above is also payable on early contract termination.

Permanent Disability

In case of permanent disability, an Executive Board member's contract will end at the end of the quarter in which the permanent inability to work was determined. The Executive Board member receives, in addition to a potential disability pension under the retirement plan described above, the monthly basic salary (fixed compensation) for a further 12 months starting from the date the permanent disability is determined.

Agreements with Executive Board Members for Early End-of-Service

Luka Mucic reached a mutual agreement with the Supervisory Board to end his employment at SAP with effect on March 31, 2023. Pursuant to the termination agreement, the following payments in connection with his early termination apply:

- A severance payment for the remainder of his original term of appointment until March 31, 2026, totaling €9,600,000
- Monthly instalments of the fixed compensation until March 31, 2023
- The STI 2022 and STI 2023 will be handled according to plan terms, and the STI 2023 reduced on a pro rata temporis basis.
- Granted rights under the LTI 2016 Plan and the LTI 2020 will be handled according to plan terms with respect to the performance criteria and the payout schedule. The 2023 tranche will be reduced on a pro rata temporis basis.
- The post-contractual non-compete obligation applies, with the abstention compensation being offset against the severance payment in accordance with section G. 13 of the GCGC.

Executive Board: Other Information

We did not grant any compensation advance or credit to, or enter into any commitment for the benefit of, any member of our Executive Board in 2023 or the previous year.

As far as the law permits, SAP SE and its affiliated companies in Germany and elsewhere indemnify and hold harmless their respective directors and officers against and from the claims of third parties. To this end, we maintain directors' and officers' (D&O) group liability insurance. The policy is annual and is renewed from year to year. The insurance covers the personal liability of the insured group for financial loss caused by its managerial acts and omissions. The current D&O policy includes an individual deductible for Executive Board members of SAP SE as required by section 93 (2) of the AktG.

Comparative Information on the Change of Compensation and Company Performance

The following table discloses the relative change in compensation of active as well as former Executive Board members, the average compensation of the employees of the SAP Group (full-time equivalents), and year-over-year changes in selected earnings indicators. The compensation of Executive Board members is considered in accordance with section 162 of the AktG awarded and due.

The presentation of average employee compensation is based on the average full-time equivalent number of employees in the respective year. Average employee compensation comprises the personnel expenses for salaries, fringe benefits, employer contributions to social insurance, and any short-term and long-term variable compensation components attributable to the fiscal year. Therefore, employee compensation is also equivalent to granted and due compensation within the meaning of section 162 of the AktG and thus in line with Executive Board and Supervisory Board compensation.

Compensation for Supervisory Board Members

Compensation System

Supervisory Board members' compensation is governed by our Articles of Incorporation, section 16. By resolution of our Annual General Meeting of Shareholders on May 11, 2023, the section was changed. It now provides for additional compensation for the newly established role of a Lead Independent Director.

Each member of the Supervisory Board receives, in addition to the reimbursement of their expenses, an annual basic compensation of €165,000. The chairperson receives €275,000 and the deputy chairperson €220,000 annually. In addition, we reimburse members of the Supervisory Board for the value-added tax payable on their compensation.

For membership of the Audit and Compliance Committee, Supervisory Board members receive an additional fixed annual compensation of €50,000, and for membership of any other Supervisory Board committee €35,000, provided that the committee concerned has met in the year. The chairperson of the Audit and Compliance Committee receives €95,000, and the chairpersons of the other committees receive €50,000. If a deputy chairperson is appointed for a committee, he or she receives €43,500 per year, and €72,500 per year for the Audit and Compliance Committee. The fixed remuneration is payable after the end of the year.

If the Supervisory Board appoints a Lead Independent Director, the Lead Independent Director shall receive compensation of €50,000 per year in addition to his or her basic compensation and in addition to his or her compensation for any memberships in committees.

Any members of the Supervisory Board who have served for less than the entire year receive one-twelfth of the annual compensation for each month of service commenced. This also applies to the increased compensation for the chairperson and the deputy chairperson(s) and to the compensation for the chairperson, any possible deputy chairperson, the members of a committee, and to the additional compensation for the Lead Independent Director.

In 2023, we received services from members of the Supervisory Board (including services from employee representatives on the Supervisory Board in their capacity as employees of SAP) in the amount of €1,959,000 (2022: €1,855,000).

Long-Term Incentives for the Supervisory Board

We do not offer members of the Supervisory Board share-based payment for their Supervisory Board work. Any share-based payment awards received by employee-elected members relate to their position as SAP employees and not to their work on the Supervisory Board.

Supervisory Board: Other Information

We did not grant any compensation advance or credit to, or enter into any commitment for the benefit of, any member of our Supervisory Board in 2023 or the previous year.

Hasso Plattner, the chairperson of the Supervisory Board, entered into a consulting contract with SAP after joining the Supervisory Board in May 2003. The contract does not provide for any compensation. The only cost we incurred under the contract was the reimbursement of expenses.

As far as the law permits, we indemnify Supervisory Board members against, and hold them harmless from, claims brought by third parties. To this end, we maintain directors' and officers' (D&O) group liability insurance. In accordance with our Articles of Incorporation, the premiums for the insurance policy are paid by SAP.

Comparative Information on the Change of Compensation and Company Performance

The following table discloses the relative change in compensation of active as well as former Supervisory Board members, the average compensation of the SAP employees (full-time equivalents), and year-over-year changes in selected earnings indicators.

Independent Auditor's Report

Note: This is a convenience translation of the German original. Solely the original text in the German language is authoritative.

To SAP SE, Walldorf,

REPORT ON THE AUDIT OF THE COMPENSATION REPORT

We have audited the attached compensation report of SAP SE, Walldorf, for the financial year from January 1 to December 31, 2023, including the related disclosures, prepared to meet the requirements of Section 162 AktG [Aktiengesetz: German Stock Corporation Act].

Responsibilities of Executive Board members and the Supervisory Board

The Executive Board members and the Supervisory Board of SAP SE are responsible for the preparation of the compensation report, including the related disclosures, in accordance with the requirements of Section 162 AktG. The Executive Board members and the Supervisory Board are also responsible for such internal control as they have determined necessary to enable the preparation of the compensation report including the related disclosures, that is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities

Our responsibility is to express an opinion on this compensation report, including the related disclosures, based on our audit. We conducted our audit in accordance with the German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the remuneration report, including the related disclosures, is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts, including the related disclosures, in the compensation report. The procedures selected depend on the auditor's professional judgement. This includes an assessment of the risks of material misstatement, whether due to fraud or error, in the compensation report, including the related disclosures. In assessing these risks, the auditor considers the internal control system relevant for the preparation of the compensation report, including the related disclosures. The objective is to plan and perform audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Executive Board members and the Supervisory Board, as well as evaluating the overall presentation of the compensation report, including the related disclosures.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, on the basis of the knowledge obtained in the audit, the compensation report for the financial year from January 1 to December 31, 2023, including the related disclosures, complies in all material respects with the financial reporting requirements of Section 162 AktG.

Other matter – formal examination of the remuneration report

The substantive audit of the compensation report described in this independent auditor's report includes the formal examination of the remuneration report required by Section 162 (3) AktG, including issuing an assurance report on this examination. As we have issued an unqualified opinion on the

substantive audit of the compensation report, this opinion includes the conclusion that the disclosures pursuant to Section 162 (1) and (2) AktG have been made, in all material respects, in the compensation report.

Engagement Terms and Liability

This auditor's report is intended exclusively for SAP SE, Walldorf for information on the result of the audit and liability is limited in accordance with the "BDO AG Wirtschaftsprüfungsgesellschaft - Special Terms and Conditions" dated March 1, 2021 agreed with the company and the "General Engagement Terms for Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften [German Public Auditors and Public Audit Firms]" dated January 1, 2017 as issued by the IDW (www.bdo.de/auftragsbedingungen).

It was explicitly agreed in the audit contract with the client that the inclusion of third parties in the scope of protection is not intended. Therefore, we do not assume any responsibility towards third parties.

- None

Membership on comparable supervisory bodies of commercial enterprises in Germany and abroad:

a) Membership on comparable supervisory bodies of publicly listed companies:

- Until April 2024: Board of Directors, Huhtamäki Oy, Espoo, Finland (chair)
- Board of Directors, Sanoma Group Oy, Helsinki, Finland (chair)

b) Membership on comparable supervisory bodies of non-public companies:

- Supervisory Board, HERE Technologies B.V., Amsterdam, Netherlands (chair)

Fulfillment of the Profile of Skills and Expertise for the Supervisory Board of SAP SE

- Innovation, Research & Development
- Software Industry
- Finance and Accounting
- Strategy
- Human Resources
- Supervision, Monitoring, Corporate Governance

Declaration on independence in accordance with C.13 of the German Corporate Governance Code (GCGC)

In the assessment of the Supervisory Board, there are no personal or business relations to SAP SE or its Group companies, the corporate bodies of SAP SE, or a shareholder directly or indirectly holding more than 10% of the voting shares in SAP SE which it deems relevant for the decision-making of the General Meeting of Shareholders in relation to the election.

Pekka Ala-Pietilä was previously a member of the Supervisory Board of SAP SE from 2002 until May 2021. From the end of his former membership until his rejoining the Supervisory Board in the event of his election, three years will have passed during which Mr. Ala-Pietilä had no more business relations with SAP. During this time, the Company has undergone significant change as a result of the transformation currently being pursued. At the same time, the composition of the Executive Board of SAP SE has changed considerably, as five of the eight current members have only been on the Executive Board for three years or less. As a consequence, Mr. Ala-Pietilä will face a greatly changed environment in his future work for the Supervisory Board, both in terms of content and persons involved. Hence, his election as a future member of the Supervisory Board is not considered to be a continuation of his previous work for the Supervisory Board. In addition, during his previous tenure on the Supervisory Board of SAP SE, he always acted with the required professional distance, as shown by his consulting and voting behavior at the time.

Therefore, in the opinion of the shareholders' representatives on the Supervisory Board, the candidate is to be regarded as independent within the meaning of the GCGC.

IV. Information regarding Item 8 on the Agenda: Compensation of the Supervisory Board members

1. General

The compensation of the Supervisory Board members is set forth in Article 16 of the Articles of Incorporation of SAP SE. Pursuant to this provision, the Supervisory Board members receive fixed compensation for their role, the amount of which depends on the tasks performed on the Supervisory Board or its committees. There is no provision for variable compensation for the Supervisory Board members, which would depend on the achievement of certain targets or goals, nor is there an attendance fee.

In detail, Article 16 of the Articles of Incorporation of SAP SE in its current version sets forth the following:

1. Each member of the Supervisory Board shall receive an annual basic compensation of €165,000. The chairperson of the Supervisory Board shall receive an annual basic compensation of €275,000, and each deputy chairperson shall receive €220,000.
2. For membership on the audit committee, Supervisory Board members shall, in addition to their basic compensation, receive an annual compensation of €50,000, and for membership on another Supervisory Board committee €35,000, the chairperson of the audit committee shall receive an annual compensation of €95,000, and the chairpersons of the other committees €50,000. If a deputy chairperson is appointed for a committee, his or her additional compensation shall amount to €43,500 per year, and €72,500 per year for the audit committee. Any additional compensation for the chairperson, any deputy chairperson, or member of a committee pursuant to this paragraph 2 shall only accrue if the respective committee has met during the fiscal year.
3. If the Supervisory Board appoints a Lead Independent Director, the Lead Independent Director shall receive compensation of €50,000 per year in addition to his or her basic compensation and in addition to his or her compensation for any memberships on committees.
4. Any members of the Supervisory Board having served for less than the entire fiscal year shall receive one-twelfth of their respective compensation for each month of service commenced. The same shall apply with respect to the increased compensation for the chairperson and the deputy chairperson(s) pursuant to paragraph 1 sentence 2, to the compensation for the chairperson, any possible deputy chairperson, and the members of a committee pursuant to paragraph 2, and to the additional compensation for the Lead Independent Director pursuant to paragraph 3.
5. The compensation shall be payable after the end of the fiscal year.
6. The compensation shall be subject to the addition of any possible statutory value added tax.
7. The members of the Supervisory Board shall be included in a directors' and officers' (D&O) group liability insurance which provides for adequate cover and is maintained by the Company in its own interests, to the extent that such insurance is in place. The premiums for the insurance policy shall be paid by the Company.

Under item 8 on the agenda, the Executive Board and the Supervisory Board propose that the current paragraph 1 sentence 2 of Article 16 of the Articles of Incorporation of SAP SE be amended and that a new sentence 4 be added to paragraph 2. In all other respects, Article 16 of the Articles of

Incorporation of SAP SE shall remain unchanged. In its new version, Section 16 of the Articles of Incorporation of SAP SE shall provide for the following in detail:

1. Each member of the Supervisory Board shall receive an annual basic compensation of €165,000. The chairperson of the Supervisory Board shall receive an annual basic compensation of €600,000, and each deputy chairperson shall receive €220,000.
2. For membership on the audit committee, Supervisory Board members shall, in addition to their basic compensation, receive an annual compensation of €50,000, and for membership on another Supervisory Board committee €35,000, the chairperson of the audit committee shall receive an annual compensation of €95,000, and the chairpersons of the other committees €50,000. If a deputy chairperson is appointed for a committee, his or her additional compensation shall amount to €43,500 per year, and €72,500 per year for the audit committee. Any additional compensation for the chairperson, any deputy chairperson, or member of a committee pursuant to this paragraph 2 shall only accrue if the respective committee has met during the fiscal year. The chairperson of the Supervisory Board shall not receive any additional compensation for chairing, or being a member of, any committees.
3. If the Supervisory Board appoints a Lead Independent Director, the Lead Independent Director shall receive compensation of €50,000 per year in addition to his or her basic compensation and in addition to his or her compensation for any memberships on committees.
4. Any members of the Supervisory Board having served for less than the entire fiscal year shall receive one-twelfth of their respective compensation for each month of service commenced. The same shall apply with respect to the increased compensation for the chairperson and the deputy chairperson(s) pursuant to paragraph 1 sentence 2, to the compensation for the chairperson, any possible deputy chairperson, and the members of a committee pursuant to paragraph 2, and to the additional compensation for the Lead Independent Director pursuant to paragraph 3.
5. The compensation shall be payable after the end of the fiscal year.
6. The compensation shall be subject to the addition of any possible statutory value added tax.
7. The members of the Supervisory Board shall be included in a directors' and officers' (D&O) group liability insurance which provides for adequate cover and is maintained by the Company in its own interests, to the extent that such insurance is in place. The premiums for the insurance policy shall be paid by the Company.

The proposed amendment to Section 16 of the Articles of Incorporation of SAP SE essentially involves an increase in the basic annual compensation for the chairperson of the Supervisory Board, while removing the additional compensation for chairing and serving on committees that was previously also provided for him or her. In all other respects, the previous provisions on Supervisory Board compensation remain unaffected.

The compensation system for the Supervisory Board members of SAP SE on which these provisions of the Articles of Incorporation are based is outlined in detail in the following paragraphs pursuant to Section 113 (3) and Section 87a (1) sentence 2 AktG.

2. Process

The Supervisory Board reviews the appropriateness of the structure and amount of its compensation at least every four years, but also at shorter intervals. The Supervisory Board is supported in this context by the Personnel and Governance Committee. The Personnel and Governance Committee evaluates the Supervisory Board compensation – in cooperation with external consultants – at other similar companies, compares it with the compensation of the SAP Supervisory Board, in terms of both the elements comprising the compensation and the amount paid, and reports to the full Supervisory Board on its findings. Based on this analysis, the full Supervisory Board then decides whether to propose to the Annual General Meeting of Shareholders a change or adjustment to the compensation of the Supervisory Board members.

The Supervisory Board compensation is granted for a particular role which is fundamentally distinct from the role of employees of SAP SE and of the SAP Group. Due to the particular nature of

Supervisory Board compensation, a so-called vertical comparison with employee compensation does not represent an option when reviewing and determining it.

Section 113 (3) sentence 1 and 2 AktG stipulates that in listed companies, a resolution must be passed at least every four years on the compensation of the Supervisory Board members, whereby a resolution confirming the compensation is sufficient. Against this background, the Supervisory Board will in future, in preparation for these resolutions, also prepare a corresponding analysis of its compensation at least every four years. The Supervisory Board will share, discuss, and coordinate the findings and conclusions with the Executive Board. This is necessary because, like the Supervisory Board, the Executive Board is required to submit a proposal for a resolution to the Annual General Meeting of Shareholders in this connection. If there is reason to change or adjust the compensation system for the Supervisory Board, the Executive Board and the Supervisory Board will make a proposal to the Annual General Meeting of Shareholders for a corresponding amendment to Article 16 of the Articles of Incorporation of SAP SE.

It is in the nature of things that the members of the Supervisory Board are involved in structuring the compensation and the underlying compensation system applicable to them. However, the inherent conflicts of interests are neutralized by the fact that the final decision on the ultimate structure of the compensation and the underlying compensation system lies with the Annual General Meeting of Shareholders by law, and that a corresponding resolution proposal is submitted by the Supervisory Board together with the Executive Board.

3. Specific structure

Article 16 of the Articles of Incorporation in its amended version shall still stipulate that each ordinary member of the Supervisory Board receives the same annual basic compensation of €165,000. Furthermore, the chairperson of the Supervisory Board and each deputy chairperson shall continue to receive a significantly higher annual basic compensation than the ordinary members – due to the significantly greater amount of organization and administration that is associated with these roles and the particular responsibility for successful and efficient cooperation within the Supervisory Board as a whole. This is to remain unchanged at €220,000 for each deputy chairperson. The proposed change only concerns the compensation of the chairperson of the Supervisory Board. The previous annual basic compensation of the chairperson of the Supervisory Board shall be increased from €275,000 to €600,000, while removing the additional compensation for chairing and being a member of committees that was previously also provided for the chairperson. In the opinion of the Executive Board and the Supervisory Board, this compensation adjustment represents an attractive, market-driven and, in general, appropriate compensation that takes into account the growing demands of the role of chairperson of the supervisory board of a publicly listed company with global business activities.

In the financial year 2023, SAP SE reviewed the current compensation of the chairperson of the Supervisory Board with the support of an independent external compensation expert and, in particular, subjected it to an international comparison with European and U.S. publicly listed companies. The review revealed that the current compensation of the chairperson of the Supervisory Board should be adjusted. This applies for several reasons: On the one hand, the workload for the chairperson of the Supervisory Board has increased significantly in recent years due to constantly growing requirements and responsibilities. On the other hand, it must be considered that the international market and business environment has become increasingly complex and challenging. In line with this, SAP SE, as one of the world's leading providers of business software, has to demand particularly high standards in terms of the qualifications and expertise of the chairperson of the Supervisory Board. The current compensation of the chairperson of the Supervisory Board does not meet these requirements and market practice in a market comparison – especially in comparison to publicly listed European, U.S., and other DAX40 companies. An attractive increase in compensation is essential to be competitive and to be able to attract suitable candidates for the position of chairperson of the Supervisory Board of SAP SE.

Membership on Supervisory Board committees shall continue to be compensated additionally for the other Supervisory Board members (that is, with the exception of the chairperson of the Supervisory Board) due to the increased preparation and workload. As before, additional compensation of €35,000 per year shall be granted for each membership on a Supervisory Board committee. Chairing a

committee shall for the other Supervisory Board members (that is, with the exception of the chairperson of the Supervisory Board) continue to be compensated at €50,000 per year.

There are also no changes for the other Supervisory Board members (that is, with the exception of the chairperson of the Supervisory Board) for their membership on and chairing of the Audit and Compliance Committee. The additional compensation for membership on the Audit and Compliance Committee shall amount to €50,000 per year and for the chairperson of the Audit and Compliance Committee to €95,000 per year. It also remains unchanged that if a deputy chairperson is appointed for a committee, his or her additional compensation shall amount to €43,500 per year, and €72,500 per year for the Audit and Compliance Committee.

As in the past, all additional compensation for membership or assumption of prominent functions on a committee is to be paid only if the respective committee has actually met at least once in the fiscal year. The only change is that, due to his or her increased basic compensation, the chairperson of the Supervisory Board shall no longer receive any additional compensation for chairing, or being a member of, any committees.

The additional compensation for the mandate of the Lead Independent Director shall continue to amount to €50,000 per year. This role cannot be assumed by the chairperson of the Supervisory Board, which means that this does not result in any additional compensation for the chairperson of the Supervisory Board.

- The Lead Independent Director is a member of the Supervisory Board who meets the strict independence criteria of major investors and proxy advisors, acts as an independent contact for investors on corporate governance issues, and has clearly defined rights and duties within the Supervisory Board. As a rule, he or she should be a member of the Audit and Compliance Committee, the Personnel and Governance Committee, and the Nomination Committee.
- In addition, the Lead Independent Director has the right to attend meetings of other committees as a guest. He or she has the right to convene meetings of the Supervisory Board and to place items on the agenda of the Supervisory Board meetings as well as to raise issues relating to environmental, social, and governance aspects (ESG).
- The Lead Independent Director shall also ensure that the interests of investors and other stakeholders are taken into account by the Supervisory Board. For this purpose, he or she is available as a contact for questions from shareholders and regularly conducts discussions with investors.
- The Lead Independent Director also serves as mediator in the event of differences of opinion between the chairperson of the Supervisory Board and the CEO and between the chairperson of the Supervisory Board and other members of the Supervisory Board. In addition, the Lead Independent Director can preside over the Annual General Meeting of Shareholders if the chairperson of the Supervisory Board is prevented from doing so. The Supervisory Board may assign further rights and duties to the Lead Independent Director to enhance his or her role if this is deemed appropriate.

It also remains unchanged that Supervisory Board members who have not been in office for the entire fiscal year receive one-twelfth of the compensation for each month of service commenced. The same applies to the (increased) compensation for the chairperson, to the compensation for the deputy chairperson(s), to the compensation for the chairperson, any deputy chairperson, and members of a committee, and to the additional compensation for the Lead Independent Director.

The compensation is payable after the end of the fiscal year. It is subject to the addition of any statutory value-added tax.

The Articles of Incorporation provide, unchanged, that members of the Supervisory Board are to be included in a directors' and officers' (D&O) group liability insurance which provides for adequate cover and is maintained by the Company in its own interests, to the extent that such insurance is in place. According to the Articles of Incorporation, the premiums for the insurance policy are to be paid by the Company.

The new compensation rules shall apply retroactively from May 15, 2024.

4. Contribution to promoting the business strategy and to the Company's long-term development

The Supervisory Board compensation comprises only fixed compensation components. There is no provision for variable compensation for the Supervisory Board members, which would depend on the achievement of certain targets or goals, nor is there an attendance fee. Due to the structure of the Supervisory Board compensation, it can only be linked to the business strategy, and thus have an impact on the Company's long-term development, to a limited extent. We are, however, convinced that the structure as purely fixed compensation best serves the role of the Supervisory Board as a neutral and objective advisory and control body. This enables the Supervisory Board to take its decisions in the Company's best interests and in line with the long-term business strategy and sustainable development of the Company without simultaneously pursuing other motivations which could derive from performance-related compensation.

V. Further information and details concerning the Annual General Meeting of Shareholders

This year's Annual General Meeting of Shareholders will be held as an **in-person meeting**, which shareholders and shareholder representatives can attend physically on site. We look forward to welcoming our shareholders and their proxies to the General Meeting of Shareholders in person again this year. Notwithstanding this, as in the previous year, we would like to offer our shareholders **on a voluntary basis** the opportunity to use various **digital elements** this year. In particular, this offer includes the options to follow the entire General Meeting of Shareholders in **audio and video format** through the password-protected Shareholder Portal or on the freely accessible Internet, to exercise voting rights by **electronic postal vote**, and to authorize and instruct the **proxies designated by the Company** by means of electronic communication – in each case also up to and in the General Meeting of Shareholders. In addition, shareholders will have the opportunity to submit **video statements or text messages** to the Company in advance of the General Meeting of Shareholders, which the Company will make available to the other shareholders subject to the conditions provided for this purpose and, in the case of video statements, may also display during the General Meeting of Shareholders. Details on this can be found in the following sections.

1. Conditions for attending the General Meeting of Shareholders and exercising voting rights

a) Application to attend and proof

Shareholders are entitled to attend the General Meeting of Shareholders and to exercise their voting rights in accordance with the provisions and explanations below only if they have submitted an application prior to the General Meeting of Shareholders and furnished proof of their shareholding to the Company.

In accordance with Article 18 (2) sentence 1 half sentence 1 of the Articles of Incorporation, **application** must be made in German or English and must be received by the Company in text form (Section 126b BGB). Pursuant to Article 18 (3) sentence 1 of the Articles of Incorporation, for **proof of shareholding**, proof in accordance with Section 67c (3) AktG is sufficient, that is, proof in text form in accordance with the requirements of Article 5 of the Implementing Regulation (EU) 2018/1212. Contrary to previous years, the proof must relate to the **close of business on April 23, 2024** (the Record Date). This is due to the fact that Article 13 no. 6 of the Financing for the Future Act ("*Zukunftsfinanzierungsgesetz*"; - ZuFinG) of December 11, 2023, changed the record date in accordance with Section 123 (4) sentence 2 AktG from the beginning of the 21st day before the Annual General Meeting to the close of business of the 22nd day before the Annual General Meeting. According to the legislative materials to the ZuFinG, close of business means 24:00 hours (here: CEST).

The application as well as the proof of shareholding must be received by the Company **by no later than the end (that is, 24.00 hours CEST) of May 8, 2024**, at the address below:

SAP SE
c/o DZ BANK AG
represented by dwpbank
– DPSGE –
Landsberger Str. 187

D-80687 Munich
Germany

or by e-mail: hv-eintrittskarten@dwpbank.de

b) Relevance of the Record Date

In relation to the Company, a person will be deemed to be a shareholder for the purpose of attending the General Meeting of Shareholders or exercising voting rights only if proof of their shareholding has been furnished as described above. Any changes in shareholdings occurring after the Record Date are of no relevance in this regard. Shareholders who have acquired their shares only after the Record Date are therefore not entitled, in relations with the Company, to attend the General Meeting of Shareholders or exercise voting rights as shareholders. Shareholders who have duly applied for attendance and provided proof of their shareholdings are entitled, in relations with the Company, to attend the General Meeting of Shareholders and to exercise their voting rights even if they disposed of their shares after the Record Date. The Record Date does not affect the shareholders' dividend entitlement.

c) Ordering of the admission card

Once the application and proof of shareholdings have been submitted correctly (as described above in lit. a) of this Section 1), the shareholders will be issued with admission cards. Most depositary institutions will ensure timely receipt of the admission card, provided that shareholders complete the application forms sent to them by their depositary institutions and return them to the relevant depositary institution in sufficient time for such institution to arrange for the application and proof of shareholding to be submitted on behalf of the shareholders before the application period ends. In your own interest, please contact your depositary institution as early as possible to ensure early registration and timely receipt of the admission card. Admission cards are provided for organizational purposes only and do not represent further conditions for participation. To facilitate processing, please present your admission card at the entrance control when attending the General Meeting of Shareholders.

d) Access to the password-protected Shareholder Portal

As mentioned at the beginning, the General Meeting of Shareholders will be held as an **in-person meeting** in which shareholders and proxies can participate physically on site. However, in addition, as in the previous year SAP SE will offer its shareholders, on a voluntary basis, to use **various digital elements**. This service includes the options to follow the entire General Meeting of Shareholders in **audio and video**, to exercise voting rights by **electronic postal vote**, and to authorize and instruct the **proxies designated by the Company** by means of electronic communication – in each case also up to and in the General Meeting of Shareholders.

For this purpose, shareholders can use the **password-protected Shareholder Portal** as in the previous year. A requirement for this is also that shareholders have duly registered and provided the Company with proof of their shareholding. The password-protected Shareholder Portal will presumably be available from April 24, 2024, at the Internet address www.sap.com/agm. Shareholders can obtain the necessary access data for the password-protected Shareholder Portal from the admission card sent to them by mail. For more information on exercising voting rights by (written or electronic) postal vote and on issuing powers of attorney and instructions to the proxies designated by the Company (also by electronic communication), see Sections 2 and 3 below.

2. Procedure for voting by post

Within the scope specified below, shareholders have the option to vote by post, that is, without having to attend the General Meeting of Shareholders. This, too, requires correct submission of the application and of proof of their shareholding, as set out in Section 1 above (Conditions for attending the General Meeting of Shareholders and exercising voting rights).

Voting by post can be performed in writing, using the (postal voting) form which is printed on the admission card, and which is also available on the Internet at www.sap.com/agm. The form used for

postal voting must be received by the Company, fully completed and, in particular, bearing the admission card number, by May 14, 2024 (day of receipt of post) at the following address:

SAP SE
c/o Computershare Operations Center
D-80249 Munich
Germany

Votes cast by post in this way may be revoked or amended by written notice directed at the postal address specified above (in this Section 2) by May 14, 2024 (day of receipt of post).

In addition, there is the possibility of voting by post also by means of electronic communication. For this purpose, the shareholders who have duly submitted their application to attend as well as proof of their shareholding to the Company can access the password-protected Shareholder Portal at the Internet address: www.sap.com/agm. In this way, voting by post by means of electronic communication (as well as amending and revoking it) is still possible on the day of the General Meeting of Shareholders until the beginning of the voting. This also applies for amending and revoking postal votes previously submitted by mail. Details on the use of the password-protected Shareholder Portal can be found in Section 1 d) above (Access to the password-protected Shareholder Portal).

3. Procedure for voting by proxy

a) Option to vote by proxy

Shareholders may elect to have their voting rights exercised by a proxy, for example by a bank, a shareholders' association, proxies designated by the Company, or another person of their choice. In this case, correct submission of the application to attend and of proof of shareholding is also required as set out in Section 1 above (Conditions for attending the General Meeting of Shareholders and exercising voting rights). It is possible to appoint a proxy both prior to and during the General Meeting of Shareholders, and proxies may be appointed by way of the shareholder making a declaration to the relevant proxy or to the Company.

A proxy can only use the password-protected Shareholder Portal if the proxy receives the access data sent with the admission card from the principal.

b) Form of proxy authorization

Pursuant to Section 134 (3) sentence 3 AktG, the proxy authorization must be granted or revoked, and proof of the proxy authorization to be provided to the Company must be provided, in text form (Section 126b BGB). The special provisions set out below in lit. c) of this Section 3 apply where authorization is granted to proxies designated by the Company. In the event that proxy authorization is granted to an intermediary, to a shareholders' association, to a proxy advisor, or to a person who has an equivalent status under Section 135 (8) AktG, the text form, in derogation from the above, is neither required pursuant to Section 134 (3) sentence 3 AktG, nor do the Articles of Incorporation contain a specific provision governing such case. Intermediaries, shareholders' associations, proxy advisors, and persons who have an equivalent status under Section 135 (8) AktG may therefore use forms for the granting of proxy authorization which need only comply with the statutory provisions governing such case, in particular those contained in Section 135 AktG. Reference is made to the special procedure pursuant to Section 135 (1) sentence 5 AktG.

c) Proxies designated by the Company, special provisions regarding their authorization

Within the scope specified below, we offer our shareholders and their proxies the option to be represented at the General Meeting of Shareholders by employees designated as proxies by the Company (Company proxies) who are bound by the shareholders' instructions. The Company proxies will exercise their powers only to the extent that shareholders have previously instructed them to exercise their voting rights. The Company proxies are obligated to vote in accordance with the instructions given to them.

The authorization of Company proxies may be granted and revoked, and instructions to them may be given and amended, by declaration to the Company also by electronic communication, using the password-protected Shareholder Portal provided by the Company at the Internet address

www.sap.com/agm. Shareholders can find the necessary access data for the Shareholder Portal on the admission card sent by post. On the Shareholder Portal, authorizations and instructions to the Company proxies may still be given, modified, and revoked during the General Meeting of Shareholders until the beginning of the voting.

If, besides the authorization for and instructions to the Company proxies, the Company has received postal votes (see Section 2 above), these postal votes will always take precedence; in this case, the Company proxies will not exercise the authorization granted to them and will not represent the relevant shares.

d) Proof of proxy authorization

If proxy authorization is granted by way of a declaration made to the Company, no separate proof of proxy authorization to the Company is required. If, however, proxy authorization is granted by way of a declaration made to the proxy appointed, the Company may demand to see proof of such authorization, unless otherwise provided for in Section 135 AktG, that is, in particular where an intermediary, a shareholders' association, or a proxy advisor is appointed proxy. Such proof may be directed to the postal address of the Company stated in Section 2 for voting by post. In accordance with Section 134 (3) sentence 4 AktG, we offer the following means of electronic communication: The proof of appointment of a proxy may be sent to the Company by e-mail to sap-hv2024@computershare.de. It will be ensured that documents in Word, .pdf, .jpg, .txt, and .tif format sent as e-mail attachments will be considered (in addition to the possibility of existing e-mails being forwarded). The Company is only able to draw the link easily and clearly between proof of proxy authorization that is sent by e-mail and a specific application to attend if such authorization or the corresponding e-mail states the family name, first name, and address of the relevant shareholder and, if already known, the admission card number. The means of communication specified above will also be available for granting or revoking proxy authorization by means of a declaration to the Company.

e) Multiple proxies

If the shareholder authorizes more than one person, the Company may reject one or more of them in accordance with Section 134 (3) sentence 2 AktG. This does not affect the option of appointing a separate proxy for the Annual General Meeting for shares of the Company that a shareholder holds in different securities accounts.

f) Forms for granting proxy authorization

Shareholders will receive forms which may be used for granting proxy authorization as well as for granting proxy authorization and issuing instructions to the Company proxies together with their admission cards following correct submission of the application and proof of shareholding. In addition, a corresponding possibility to enter data can be found in the password-protected Shareholder Portal provided by the Company, among other things, for granting proxy authorizations and issuing instructions to Company proxies. A printable form for granting proxy authorization and, where appropriate, for issuing instructions to the Company proxies and also to third persons is also available on the Internet at www.sap.com/agm. To facilitate processing, we ask that these forms be used for granting proxy authorization if proxies are appointed by way of a declaration made to the Company, including where proxy authorization is granted, and instructions are issued to the Company proxies. Furthermore, forms for granting proxy authorizations and, as appropriate, issuing instructions during the General Meeting of Shareholders are also contained in the voting documents which are distributed at the entrance to the General Meeting of Shareholders.

4. Live transmission of the General Meeting of Shareholders on the Internet

All shareholders of SAP SE and the interested public may follow the entire General Meeting of Shareholders on May 15, 2024, from 10.00 hours CEST live on the Internet. Unrestricted online access to the live transmission will be possible on the Internet at www.sap.com/agm.

Shareholders who have properly submitted their application to attend as well as proof of their shareholding to the Company can also follow the live transmission through the password-protected

Shareholder Portal at www.sap.com/agm. Watching the General Meeting of Shareholders through the password-protected Shareholder Portal does not constitute participation in the General Meeting of Shareholders within the meaning of Section 118 (1) sentence 2 AktG.

The opening by the chairperson as well as the speech by the CEO will also be recorded and will be available on the Internet at the address specified above after the General Meeting of Shareholders.

5. Shareholder rights

a) Requests for additional agenda items pursuant to Article 56 of the SE Regulation, Section 50 (2) SEAG, and Section 122 (2) AktG

Shareholders collectively holding at least 5% of the capital stock or a nominal amount of at least €500,000 (the latter corresponding to 500,000 shares) may request that additional items be added to the agenda and made public. Each new item must be accompanied by a statement of reasons or a resolution proposal. Such requests must be made in writing (within the meaning of Section 122 (2) in conjunction with (1) sentence 1 AktG) and be addressed to the Company's Executive Board and must have been received by the Company by 24.00 hours CEST on April 14, 2024. The request may be sent to the following address:

SAP SE
Executive Board
Dietmar-Hopp-Allee 16
D-69190 Walldorf
Germany

Any additions to the agenda which require publication and were not published in the calling notice will be published in the German Federal Gazette (*Bundesanzeiger*) without undue delay after they have been received by the Company and will be forwarded for publication to media which can be expected to publish the information across the entire European Union. Any requests for additional items to be added to the agenda within the meaning of Article 56 of the SE Regulation, Section 50 (2) SEAG, and Section 122 (2) AktG which are received by the Company once the General Meeting of Shareholders has been called will also be made available on the Internet at www.sap.com/agm and will be communicated to the shareholders without undue delay after they have been received by the Company.

b) Shareholder motions and nominations pursuant to Section 126 (1) and Section 127 AktG

Shareholders may send the Company motions and election proposals relating to items on the agenda in accordance with Section 126 AktG and Section 127 AktG.

Such countermotions and election proposals will be made available by the Company at the Internet address www.sap.com/agm, including the name of the shareholder, the reasons, which are not required for election proposals, and any statement by the management, if received by the end (that is, 24.00 hours CEST) of April 30, 2024, at the address:

SAP SE
Investor Relations
Dietmar-Hopp-Allee 16
D-69190 Walldorf
Germany

or by e-mail: investor@sap.com

and the other requirements in accordance with Section 126 AktG and Section 127 AktG are met.

c) Shareholders' right to information pursuant to Section 131 (1) AktG

Under Section 131 (1) AktG, any shareholder who makes a corresponding request at the General Meeting of Shareholders must be given information by the Executive Board relating to the Company's affairs, including its legal and business relations to affiliates, the position of the Group and the companies consolidated in the Group financial statements, provided such information is

necessary in order to make an informed judgment in respect of an agenda item and the Executive Board does not have the right to refuse to disclose such information.

d) Further information

Further information on the shareholders' rights according to Article 56 SE Regulation, Section 50 (2) SEAG, Sections 122 (2), 126 (1), 127, and 131 (1) AktG, in particular information relating to additional requirements above and beyond compliance with the relevant deadlines, is available on the Internet at www.sap.com/agm.

6. Submitting video messages or text messages for publication through the password-protected Shareholder Portal

On a voluntary basis, the Company offers shareholders or their proxies the opportunity to comment on the agenda in advance of the General Meeting of Shareholders by means of video statements or text messages and to submit these through the password-protected Shareholder Portal. The requirement for this is also that shareholders must have duly registered and provided the Company with proof of their shareholding. The Shareholder Portal is available at www.sap.com/agm. Shareholders can find the access data for the Shareholder Portal on the admission card.

On the Shareholder Portal, statements relating to the agenda can be submitted as a video message or text message no later than May 9, 2024, 24.00 hours CEST. Such video messages should not be longer than three minutes; a text message should not contain more than 10,000 characters (including spaces). Only such video messages are permitted, in which the shareholder or their proxy appears in person. By submitting the video message or text message, the shareholder or their proxy agrees that the video message or the text message will be published on the Shareholder Portal. Details of the technical and legal requirements for submitting video messages or text messages are available on the Shareholder Portal.

The Company intends to publish video messages and text messages properly submitted prior to the General Meeting of Shareholders on the password-protected Shareholder Portal which can only be accessed by shareholders or their proxies. However, please note that there is no legal entitlement to the publication of a video message or text message on the Shareholder Portal. In particular, the Company reserves the right not to publish video messages or text messages with offensive, discriminatory, criminally relevant, or obviously false or misleading content, without any reference to the agenda, or in languages other than German. The same applies to video messages longer than three minutes, to text messages with a size of more than 10,000 characters (including spaces), and to video or text messages which do not meet the technical requirements. Only one video message or text message will be considered per shareholder.

The Company reserves the possibility to play submitted video messages also during the General Meeting of Shareholders.

The option of submitting a video message or a text message in advance of the General Meeting of Shareholders does not affect the shareholder's right to speak during the General Meeting of Shareholders. It is to be noted that motions, election proposals, questions, and objections to resolutions of the General Meeting of Shareholders contained in a video message or text message will not be considered for the General Meeting of Shareholders.

7. Further information regarding the votes in accordance with Table 3 of the Implementing Regulation (EU) 2018/1212

No resolution proposal is being made under item 1 on the agenda and, therefore, no vote is intended (for explanation, see there). Under items 2 to 5 and 7 to 9 on the agenda, the votes on the published resolution and election proposals are binding. Under item 6 on the agenda, the vote on the published resolution proposal is of advisory nature. Shareholders can in each case vote "Yes" (in favor) or "No" (against) or abstain from voting (abstention), that is, not participate in the vote.

8. Web site offering information and publication of the invitation

This invitation to the General Meeting of Shareholders and the information and documents to be made available pursuant to Section 124a AktG, any requests for additional agenda items within the meaning of Article 56 of the SE Regulation, Section 50 (2) SEAG, and Section 122 (2) AktG, and other information are available on the Internet at www.sap.com/agm.

The voting results will also be announced there after the General Meeting of Shareholders. In addition, shareholders who voted at the General Meeting of Shareholders can use the password-protected Shareholder Portal to retrieve a voting confirmation within one month of the date of the General Meeting of Shareholders in accordance with Section 129 (5) AktG.

The invitation, together with the full agenda and the resolution proposals of the Executive Board and the Supervisory Board, has been published in the German Federal Gazette (*Bundesanzeiger*) and forwarded for publication to media which can be expected to publish the information across the entire European Union.

9. Total number of shares and voting rights

On the date on which the General Meeting of Shareholders is called, the Company has a capital stock of €1,228,504,232.00, which is divided into 1,228,504,232 no-par value shares each representing one vote (information in accordance with Section 49 (1) no. 1 of the German Securities Trading Act (*Wertpapierhandelsgesetz*; "WpHG"); this total includes the treasury shares held on the date on which the General Meeting of Shareholders is called, which do not, however, attribute any rights to the Company in accordance with Section 71b AktG).

10. Notes on data protection

The protection and the lawful treatment of your data are of utmost importance to us. In our notes on data protection, we have summarized in one place all information on the processing of personal data of our shareholders and their possible representatives. Such notes on data protection can be found at: www.sap.com/privacy-shareholders.
